Audio Packages

Every configuration to fit your needs

No two events are the same and so flexibility is important. I offer many configurations to accommodate any situation. I have large and small speakers, subwoofers, sophisticated DJ software, and a variety of microphones.

A. Basic Audio Package \$600

Includes all programming and timeline planning/ coordinating for the event. Appropriate sized speakers for venue and microphones for speeches. This package includes 4 hours of performance time. *(Additional performance time is \$100/hour)*

B. Ceremony Music \$200

I can provide an additional audio setup to supply background music for your ceremony. Traditionally “Here Come’s the Bride” and “Wedding March” plus any additional requests, add a nice touch to your ceremony.

C. Officiant Audio \$100

I can provide a separate audio channel and lavalier microphone for the Officiant so that all guests in attendance can be a part of what is being said at the altar.
