A bride with long dark hair, wearing a white lace dress and a floral crown, is laughing joyfully. She is holding a large bouquet of flowers, including orange dahlias, white roses, and purple flowers. The background is a bright, sunny outdoor setting with green foliage.

LET ME MAKE YOUR DAY

I believe that your real life isn't posed and that you should spend the majority of your wedding day with the people you love. I provide artistic and creative photography services rooted in photojournalism in order to tell the best story of your day. Ultimately, my goal is to document each priceless moment of your day as it unfolds naturally from exchanging your vows, to laughing so hard you cry, to celebrating with your friends and family. From the getting ready room to the dance floor, from the epic to the in between: I will be there capturing images of the moments that you didn't even realize were happening.

“My husband and I look so at ease in every one of the photos, which is a huge relief.”

Lauren photographed my wedding, and I can honestly say that her work left me speechless (but, of course I will find the words to rave about her!). Now, my husband and I are not the most comfortable in front of the camera, so I was really worried about who we would find to photograph us and if that individual would be able to bring out our best sides. Since we decided to have a destination wedding in Tahoe, I knew that task would be even more difficult given the fact that we would not be able to meet the photographer until the day of the wedding.

When I ran across Lauren’s breathtaking, candid-style work I felt that she was the artist we were looking for. And I was right!! She was extremely helpful throughout the year in preparing us for the day-of; she was quick to respond to my many, many questions and was thorough in her answers. The day-

of, she was beyond perfect—her personality was professional, yet extremely grounded and down-to-earth. She was honestly one of my favorite attendants at my wedding! She is hilarious, relaxed me when I was near tears in the chaos before the wedding, and made me feel beautiful and very comfortable in front of the camera.

I literally could not have asked for anything more than just her calming presence, but then she wow-ed us again when her photos arrived. SO GORGEOUS!! I don’t have the words to explain how over-the-moon I am with the results—my husband and I (again, not-so-photogenic) look so at ease in every one of the photos, which is a huge relief. She captured every detail and every moment that made my wedding day so special; so now I get to relive the best day of my life over again each time I look at Lauren’s fabulous work.

“All of our guests absolutely raved about how unreal our pictures are.”

Lauren is a photography goddess and you should hire her for all the things! We hired her for our engagement shoot and wedding. She is professional, fun, and she put us at ease. She was always incredibly responsive to my questions, in addition to having great ideas and suggestions. She even gave us awesome ideas for activities to do while we were in Tahoe for our wedding.

Our pictures are just incredible. She has a truly amazing ability to capture the important moments, raw emotions, and Tahoe gorgeousness. We could not be more pleased with how they turned out.

It's also worth mentioning that we had a tight timeline at our venue, and Lauren busted out our formal pictures so efficiently without being pushy about it. We got those babies done in record time, and they turned out great.

All of our guests absolutely raved about how awesome she was and about how unreal our pictures are.

I even did a boudoir shoot with Lauren for my husband's grooms gift. The pictures are amazing, and I ended up having SO much fun despite my nerves. Lauren is simply the best. Hire her! You won't regret it.

QUESTIONS?

ASK AWAY...

What is included?

Each package includes my time as a photographer, in addition to my time editing all the photographs. The couple will have full personal print rights to the digital photographs and will receive them via digital download and/or USB drive. Additionally, I will post all photographs on a web album for family and friends of the bride and groom to view, download or print their favorite moments at no additional cost. Your photos are my gift to you and when I hand them over, they are yours to post on facebook, share with loved ones and enjoy for the rest of your life.

What about travel?

It's no secret that I love to travel, camera in hand! Travel fees are always included for wedding photography coverage in the continental United States. Passport required? Arrangements can be

made for destination weddings outside of the continental US on a case by case basis and will simply be reimbursement charges for the round-trip flight and 3 nights in nearby accommodations. That being said, I'm a proficient deal finder and I like to stay in Airbnbs so I'm a pretty cheap date.

When do we receive the images?

Although my contract specifies that I may take up to ten weeks to return photos from weddings, I do my best to provide them to clients in a much shorter time frame. My average is about six weeks. If your wedding is an elopement or not in the height of busy season, my turn around time is very quick. I reserve the right to take up to ten weeks on the off hand chance that something in my life goes awry: bones may break, family members may fall ill, sometimes you just need some rest and relaxation. As I want to be the one to edit your photos, although I

won't change the contract to guarantee a faster time, I'll always try my hardest to get them to you as quick as my schedule allows.

Should we have a second shooter?

If your guest list is upwards of 125 dancing fools, or if time is of the essence, I recommend hiring a 2nd shooter for some or all of the hours I am also contracted for. With a second shooter, you double your coverage, angles and vantage points and often get both sides of that amazingly funny moment. Candid moments happen simultaneously so if you want lots of great guest photos, a second always makes that more likely!

How do we book you?

A signed contract and date retainer in the amount of 30% of your package is required if you want to secure your date. I take bookings on a first come, first served basis.
