Hello

HI, I'M BRITT

I have 5 beautiful children, and I'm lucky enough to be married to my best friend. I'm creative, outgoing, bold, playful, compassionate and honest. I value genuine connections, vulnerability and quality over quantity. I'm an investor in people, a beholder of beauty and a believer in greatness. To me, photography is having the ability to capture an emotion, a story and a time. It's possessing a unique gift to authentically connect with the person in front of the lens while creating an atmosphere of vulnerability and trust.

I'm the type of person who invests mentally and emotionally, pouring everything that I am into every client. I view my clients as friends and goes that extra mile. I photographer who desires to create imagery that speaks, reveals and inspires.

I'm obsessed with couples who are down for adventure, live in the moment and keep love at the center of it all.

Testimonials

"I cannot say enough amazing things about Brittany. I have known her for years and she is such a rare soul. She knows exactly how to evoke emotions. She doesn't ask you to "pose." She knows how to bring out your emotions and to capture the real and raw moments. She captured our engagements, our wedding, our maternity photos and our Christmas photos. Every time Brittany photographs us, we look back on the photos and remember the feeling we had in the moment. That is true talent. The way she helped us let loose, connect, and laugh together is a gift. I tell every bride about her because she genuinely doesn't take away from the moment, she adds to it."

THE BEASLEYS

"Britt was amazing and made us feel so comfortable during our engagement pictures and during our wedding day. Loved how the pictures turned out and how she told us exactly what to do! My MOH is now using her for her wedding. Highly recommend!"

Frequently asked questions

WHAT SHOULD WE EXPECT FOR THE ENGAGEMENT SESSION?

The engagement session is my favorite session! I encourage all my couples to schedule one. This time allows you, as the couple, to get comfortable with being in front of the camera while also getting to see how we work best together. Together, we'll plan the best locations and the perfect outfits. I'll guide and direct you throughout the entire session, creating a playful, romantic and adventurous experience.

WILL I OWN PRINTING RIGHTS?

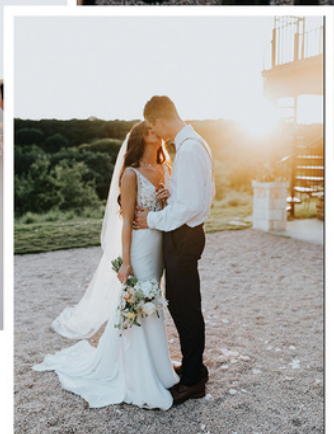

I give you full printing rights. This means you can print, download and share however you please. I own the copyright for commercial reasons. For example, if a brand wants to use one of your wedding pictures, they need to discuss image rights with me beforehand. I would then discuss it with you to get approval.

WHAT ARE THE NEXT STEPS FOR BOOKING OUR WEDDING DATE?

Ahhh...the excitement and thrill of finding a photographer who's going to capture one of the biggest days of your lives! So now what? Well, once I confirm I'm free for your wedding date and you decide on a wedding collection that fits your needs, I'll email a contract for you to review and sign. Then, a 50% retainer fee is due upon signing. Once these things are complete, your wedding date is officially booked!

WHAT IS YOUR EDITING STYLE?

I try to stay as close to the natural colors you chose for your wedding day. I love my whites, but I also love to keep a little contrast and true blacks. I'm obsessed with creamy skin tones and vibrant colors.
