2018 weddings

hey there

I'm all about capturing all the beautiful moments. The big moments, the inbetween moments, and the moments that you don't even realize are happening. I want you to be able to look back at your pictures and remember that exact moment and all the beauty it held. If you're down for hopping fences, getting a little dirty, dancing in the rain, and letting the wind blow your hair wild, then I think we would be a great fit. So if you're ready for a fantastic adventure, let's get this party started.

engagement session

Engagement sessions are my absolute favorite thing to shoot. Ever. And there's a very big reason I include an engagement session with every wedding I do. And that's because the session is the perfect time for us to learn to work together, the perfect time for you and your fiancé to get comfortable in front of my camera, and the perfect time for you two to know how it feels to have your every move documented. We will meet anywhere from 2-6 months before your wedding and adventure to find the perfect location that describes you and your love, and then we'll have SO MUCH FUN. You will enjoy the moments of non-stop belly laughing, and also the intimate moments that allow you to just stop and enjoy the fact that you are marrying the love of your life.

bridal sessions

Bridal sessions are an awesome time for you and me to connect girl to girl! It's basically an excuse to feel like the most beautiful princess and document it without the craziness of your wedding day! They are an awesome time to do a trial run on your hair and makeup and to see how it photographs! We'll grab some coffee, adventure to a stunning location, and I'll have you twirl and flaunt your princess status! If you are interested in booking a bridal session, just let me know. We'll find a time before your wedding for you to relax and be pampered!

The process

Pre-wedding coffee

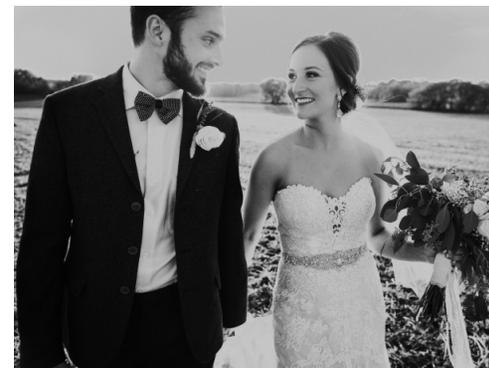

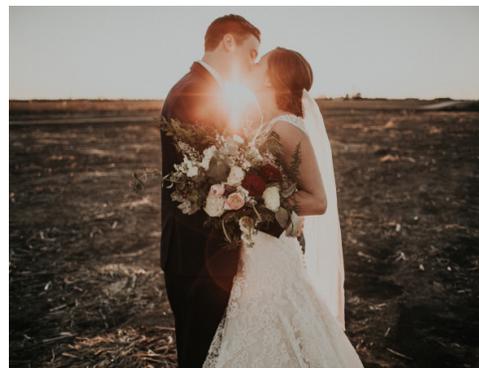

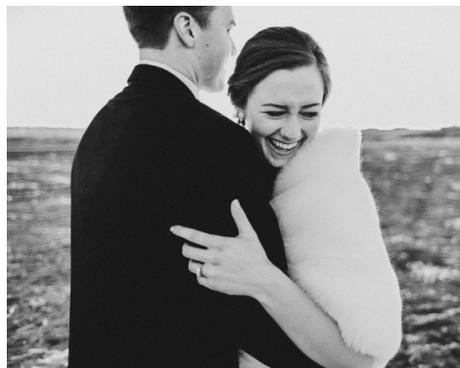

About three or four months before your wedding, we'll get together at a coffee shop to hang out and talk about all the details! We will be able to get to know each other better, I'll let you know how I do things, you'll get to tell me all your ideas, and I will help you put together a schedule for your day.

The big day

I will show up when you and your bridesmaids start getting ready, and then I'll get to work capturing all those breathtaking moments. And from the moment I arrive, till the time you and your true love leave the reception, I don't want to just be your photographer. I want to be your friend that you can laugh and cry with. Because believe me, I am most likely going to tear up a couple times during the day, and I'm DEFINITELY going to laugh my guts out more than once.

Post wedding

After your wedding, your photos will go into the editing and retouching process and you'll then receive your final pictures in an online gallery within 6-8 weeks of your wedding. From there you'll have full access to your photos!

Full day coverage

I will hang out with you from the moment you start getting ready, to the moment you leave the reception

Second Shooter

I will have my wonderful friend, and full time second shooter, Michaela, come with me for the entire day.

She is such a sweetheart, and she will be there capturing even more wonderful moments.

Digital Rights

When I am done editing your photos, I will send you a link where you can download all of the photos to your computer at full quality. From there you are able to do with them as you please!!

Online Gallery

Along with the digital rights, I will send you an online gallery where you can browse through them, send specific photos to family and friends, and even purchase the photos right through the gallery.

Engagement Session

When you book your session with me, I give you a complimentary engagement session that would normally have a value of \$500. This will be a time for us to get to know each other and for you little lovebirds to get comfortable in front of my camera.

Coffee Date

Three or four months before your wedding, we will get together, drink some coffee, and start discussing the details of your big day! We will talk about what your wedding will look like, and I will help you put together a schedule for your day so that we can enjoy it stress free!

The reason for only having one package, is because I want to give you the best photos I possibly can, and the only way I can do that is by being at your side throughout the entire day, becoming your friend, capturing your personality, creating magic that would only be possible to create if I was there through the entire day. And the reasoning for my price being higher than a lot of photographers, is that I put a lot of time into you. My working hours are not only during your wedding day. I put countless hours in preparing, scheduling, creating photo books and slideshows, and editing. I put all of my time and effort into YOU, because YOU are the reason I do what I do. I want to give you the best experience and photos I possibly can. I do this all for you, dear friend.

kind words

“On New Years Eve, I had the opportunity to have Kristine capture my husband’s and my wedding day. I could not have been more pleased with K. Elisabeth Photography. Kristine is such a sweetheart and genuinely wanted to do her best to aid me as a bride, in any way possible. Kristine was on time, kind, generous, trustworthy, and so much more. Not only was Kristine capable of photographing a crazy wedding party, but she also worked great with the four flower girls and one ring bearer, which was quite the task. ;) Kristine went above and beyond to find places to capture photos that would make them as breathtaking as they were. Overall, I had an amazing experience with K Elisabeth Photography and would highly recommend her to everyone.” - Cailyn, 2017 Bride

“ I am so happy that I found Kristine, and had her capture our wedding day! I had been dreaming about my wedding day my whole life, and having a photographer that could take photos that I could look back on for the rest of my life was very important to me. Kristine did this and much more! She made sure to meet with us months before the wedding to walk her through what the day would look like and which moments we really wanted to make sure she captured. She was prepared and helped us think through things that we hadn’t even thought of, including bringing in a second shooter for our ceremony. The day of the wedding, she helped keep the wedding party, and friends and family in order and on time for pictures so that we didn’t have to worry about it and could enjoy our day. I still look through our wedding photos all the time, because Kristine was able to capture the atmosphere and the emotion of our special day. Looking at the photos, brings me right back to the best day of my life :) I would definitely recommend using Kristine! The Lord has blessed her with a heart for people, and she uses her gift to capture the beauty of His creation, and everyone’s uniqueness through her photos.” - Brielle, 2016 Bride
