### HOW TO BOOK BLUE ROOM:

A \$500 deposit holds the date and will apply to the total cost of the box (package) you choose.

You do not have to choose the box immediately. You may want to swap an item from another box, or we may have to slightly customize it.

*Option for deposit payment:* Blue Room is flexible because we have been on your side, and we know you are having to give deposits to several vendors within a short period of time. So to help ease this early flurry of wedding costs, you may make the deposit in two payments of \$250 each, with the second part of the deposit being paid within the following 30 days. We can send you a link and you can pay online. Our contract is an online e-signature contract, as well. (We print paper contracts, too.) Please contact....
