my philosophy

I love capturing raw, unfiltered, and real moments. The tears, belly laughs, inside jokes, the way you hold each other, all the things that make you unique.

To do this, I learn about your story.

How you met, what you love about each other, how you make each other laugh, and so much more.

I want my imagery to portray your love story, authentically, artistically, and full of love.

If you are looking for someone to beautifully capture all the perfectly imperfect things that make you, you, then I think we might just be the perfect fit.

A bride and groom are shown in a close embrace outdoors. The bride is on the left, wearing a white lace wedding dress and a long, sheer veil. She is smiling and looking towards the groom. The groom is on the right, wearing a dark suit jacket, a white shirt, and a patterned tie. He is also smiling and looking at the bride. They are standing in front of a background of green foliage and trees, with soft, natural light filtering through. The overall mood is romantic and intimate.

“Tooney was absolutely amazing!
The pictures were beautiful and
wonderfully filled with sentiment.
She managed to always be in the
right place, at the right time to
capture the perfect shot. She was
efficient at the same time incredibly
kind and patient. I would
recommend her to any of my friends
and family in a heartbeat.”

FAQ

WHERE ARE YOU BASED? AND DO YOU TRAVEL?

We are based in Central California, but we love to travel! We have been blessed to work in locations around the world. We're more than happy to discuss and send a customized quote before locking you in.

DO YOU GIVE US THE RAW IMAGES?

To put it simply, no. When you hire us, you are hiring our style and trust us to bring our creative interpretation to your day. The editing process is equally important as the photo-taking part.

HOW LONG DOES IT TAKE TO RECIEVE OUR PHOTOS/FILM?

Our turnaround time is about 4-6 weeks from the wedding day.

WE DONT LIKE POSING AND ARE BOTH A LITTLE AWKWARD.

That is perfectly fine! We will talk you through it and make you feel as comfortable as we can. Ill suggest a few poses to make sure you're both looking and feeling confident, but then we will give you direction and let it naturally unfold from there. Forget about the camera and remember why you fell in love. I highly recommend booking an engagement shoot. This will give us a chance to get to know each other, and answer and questions/worries you may have.
