Aimee K Photography Exclusive Packages

Congratulations on your engagement and thank you for considering me as your wedding photographer. As your photographer, your wedding also becomes and important event in my life! My style is largely unposed, photojournalistic and documentary - so you can relax on your day and trust us to capture your moments. There is so much beauty on your day and my goal is to show the essence of it without leaving my imprint or influence on it. It's very important that my style and approach are a good fit for your photography needs!

To get an idea of real weddings beyond portfolio pieces, please have a look at some recent work in these FULL **real wedding** galleries!

Copyright

I get work by **showing** my work to the world, which is likely how you found me! If you choose me as your photographer, then I expect to be able to use your photos for businesses purposes. You receive all of your photos in high resolution with full reproduction rights for personal use.

Lighting

As a photographer, lighting is very important to me. If there is a lack of **ambient** lighting then I would need to resort to **flash** photography and I would prefer not to as natural light has a special place with me. If you are working with an event company, you can ask them about ambient lighting, table lighting and the dance floor. If you need to talk about this with me, don't hesitate...I can make some recommendations.

Photos During Dinner

You can rest assured that any speeches, guests interactions during speeches and between courses as well as table decor and place settings will all be well-covered. Nobody likes to have their photo taken while eating and photos taken while eating also aren't the best. So, when you're eating, we also **take a break** from photographing and filming and let you enjoy your meal in peace.

Turn Around Time

Summer season is a busy time of shooting. Not only do we shoot weddings, but also engagements, trash-the-dress sessions, family photos and other projects. We have a **90-days window** to edit your wedding photos and videos. In the meantime, we'll be happy to send you some highlight images if time allows.

How do I reserve my day?

You can secure your day by making a **deposit** and signing an **agreement**. If you are sure you would like to book but unsure of which package please book in at the Collection I level and then we can talk! The additional balance is due within 7 days of your wedding. Please enquire if tax (IVA) is applicable.
Please consider that my dates book quickly as I am in high demand. My interest lies strongly in finca bookings and destination weddings, primarily of documentary nature. If you **love my style** but my exclusive package options are out of your budget, there are Aimee K Team Photographers available as well. Please be in touch for more info!

Thank you for your interest in working with me and I very much look forward to hearing from you!
