

A bride and groom are walking through a field of tall green grass and yellow wildflowers. The bride is wearing a white strapless wedding dress and holding a bouquet of white and pink flowers. The groom is wearing a dark suit, a light pink shirt, and a pink tie. They are both smiling and looking at each other. The background is a dense line of green trees.

Welcome Guide

Well, hello there! First, I want to thank you for your interest in my work. I consider myself ridiculously lucky to be able to do work about which I'm truly passionate. I make my home in St. Paul, Minnesota with my husband, our one-year-old son and our patient pup, Etta. I'm an office supply junkie, a coffee drinker, lasagna devour-er, eternal student, lover of literature, counter of stars, follower of dreams.

The thing I love most about doing wedding photography is just how beautifully different each and every event is. You spend months getting every detail just right, and I want to make sure those are captured. I also know just how quickly this time goes, and a big part of my mission as your wedding photographer is to show you just how joyous and radiant you are, and how that is so contagious in the faces of your closest friends and family. My unobtrusive and calm nature make sure that you are able to be in this moment together.

So, thank you for taking the time to get a hold of me - I'm truly looking forward to working with you!

All the best,
Alison

ABOUT YOUR WEDDING

I believe weddings are a public and social declaration and celebration of a transformation in your relationship. By their nature, these days are full - full of appointments, of friends and family, of dresses and tuxes, of hurried activity, of heightened emotions, and of love. My mission is to document all of this in a truthful way that is unobtrusive, authentic and overflowing with joy.

I shoot with a documentary photography style on your wedding day which allows me to anticipate moments to be prepared to capture them as they're happening. Because I am a documentary-style shooter, the posed portraits are generally kept to a minimum. You don't want to spend this important day posing for my camera, and I want you to be able to be in-the-moment with those you love and enjoy your day stress-free. I aim to make the posed portraits gorgeous, fun and speedy so that you can get back to celebrating.

Your wedding is a unique expression of your relationship, and I will make sure that your wedding photos are in tune with that uniqueness.

“No matter who, or what, Alison is photographing, the images are consistently beautiful and creatively composed.” – Jean Johansson

“I love how you captured people, revealing their personalities, especially those I really know. ... So, I was so overcome today, trying unsuccessfully to narrow down my selection as I sit on the sofa instead of going to work in an ice storm, that I had to let you know how wonderful your pictures are. Thank you for sharing your gift of seeing with us.” – Teresa Wilmot

“Alison, your strength in this business is that you have such a strong sense of people and their needs and what is important to them—and you capture that. You capture the uncapturable. I can’t even describe it—you’re that good.” – Anna Schneck

“Seriously... Every time you take photos of him I am more amazed. These are SUPERB!!!! THANK YOU!!!!!!!!!!” – Adam Deming

“Oh they are just beautiful! Alison always exceeds my expectations! What a lovely gifted young woman!” – Kathi Killeen

“Alison was awesome! Couldn't have asked for a better photographer for our wedding. She made it so easy for us and she had a great eye for spots to take pictures.” – Erik Johansson
