WELCOME

Photography doesn't have to be stressful.

We make photography stress free so you can get back to the party.

Nancy and Wyatt

ITS YOUR WEDDING DAY.

YOU SHOULD ENJOY IT.

We believe your most valuable asset is your time. Our mission is to make photography stress free so you can stop worrying and get back to the party.

We've been to many weddings where the photographers spend hours directing photos or miss a beautiful moment while setting up a shot. As a result the bride and groom lose quality time with loved ones.

We believe that you shouldn't have to sacrifice your sanity for good photos. Our stress free documentary style will allow you to rest easy on your wedding day.
