Why Airbrush

Kelly specializes in TEMPTU airbrush makeup. We recommend airbrush because:

For starters, airbrush makeup isn't new. It's been around for over 30 years... the Bridal Industry is just now catching wind of it, as it is being advertised differently. The new airbrush providers are making it so easy and simple for us to gain access to the latest and greatest of tools and formulas. The difference between traditional makeup and airbrush makeup is the way it's applied. Think of it like watercolor painting vs airbrush painting on a t-shirt.

1. **Q: How Long Does Airbrush Makeup Last?**
   A: Airbrush goes on seamless and can last 12-16 hours or more on many skin tones. The actual longevity really depends on the texture and health of the person's skin. Just like anything in beauty industry, one size doesn't fit all. Your makeup artist will make the judgement call to give you the best option, based on your individual needs.

2. **Q: Is airbrush makeup "cakey", like a layer of paint sprayed on your face?**
   A: Nope! Unlike traditional makeup, airbrush doesn't hide the actual skin, so it won't make a person look completely different. If you're thinking airbrushing is too heavy or have experienced airbrush makeup that was heavy, it wasn't done correctly or you had different expectations.

3. **Q: I have very sensitive skin. Is this makeup non-irritating? How can I be sure it won't cause my skin to break out?**
   A: TEMPTU Makeup is Dermatologist Tested, Non-Comedogenic, Paraben, Phthalate and Gluten Free. It is suitable for all skin types.

4. **Q: I'm concerned with aging – too much foundation makes me look older.**
   A: TEMPTU Airpod formulas are engineered to mimic flawless skin. With SilkSphere™ Technology to instantly smooth lines and soften imperfections, along with lightweight, long-lasting, buildable coverage, skin takes on a soft focus effect— natural, youthful, beaming. With TEMPTU, less is always more; you want to see perfected skin, not makeup.

5. **Q: Are there any real benefits to the skin by using Kelly's Temptu Airbrush Formula?**
   A: Yep! The long-wear, transfer and water resistant formula features the Hydra Lock Technology and has advanced skin care benefits such as:

   Amino Acids — Seal in moisture for 4x more hydration than Hyaluronic Acid
   Gogi Berry Extract— Delivers powerful antioxidants to the skin
   Botanical Extracts— Help purify the skin
   Peptides— Combat aging and help improve skin integrity

6. **Q: How do I remove airbrush Makeup?**
   A: TEMPTU Airpod Makeup washes off easily with any cleanser or makeup remover.

7. **Q: Will this product get on my clothes or in my eyes?**
   A: This is not an aerosol spray. No propellants are used with TEMPTU airgun, so it will not spray in a large cloud. Instead, our Atomized AirFlow™ Technology delivers pinpoint accuracy when closer to the eye area. If you wear contact lenses, gently close you eyes.

Why Trail

Trial: Kelly requires all brides to have a trial with her before the actual wedding day. Why? Because, your wedding is one of the most important days of your life. Trials are for two reasons: 1. to have a rough run-through of your wedding day hair and makeup and 2. to meet each other face to face and develop a bond and trust.

During the trial, we will look over your skin and hair type, talk with you and listen to your needs and concerns and also to look at all your pinterest pins! We recommend you book your trial to co inside with an important event so you can go show off your beautiful self at a: bachelorette party, bridal photos, or a girls' night out.

What should you bring to your trial?

Makeup Trials - The following is a list of things you should bring to your makeup trial:

Inspiration photos of makeup looks you love. Be sure the models skin tone and hair color is similar to your own.
Photos of your dress.
Hair inspiration
Your favorite makeup. Lipstick, blush, eyeshadow. This is so we can get an idea of a colors you feel confident in.

Come with a clean face if possible. If that isn't an option, come 10 minutes before so you have time to cleanse skin. We have products for you to cleanse your skin, so no worries

Hair Trials - The following is a list of things you should bring to your hair trial:

Veil or headpiece (if you have).
Clip in hair extensions if you would like to experiment (email us for more details).
Any hair jewelry you may be considering.

Come with clean, dry hair. If you would like a shampoo and blow out, an additional $50 fee will apply

Be ready to sign a contract

If you love your look at the end of your trial, be prepared to sign a contract at the day of your trial. Since we do not hold wedding dates without contract and deposit, be ready to make a decision at the end of your service.
