

## Services & Pricing For Wedding Packages

Our rates are based on many different variables. First of all, what kind of event are you planning? A wedding desiring pre-cocktail hour, cocktail hour & dinner music as well as post dinner dancing music will be priced higher than, say a reception that only wants dinner music and post dinner dancing music etc.. It comes down to the entire “length of service” required.

Also, the following factors may adjust your price...

- Is there travel involved? We may add a travel fee for events outside Richland, Ashland Counties.
- How extravagant do you want your event? How many musicians are desired? We book from a **Duo to a Nine piece**.
- Do you want to add dance floor lighting? How about up-lighting? There are additional charges to add lights.
- We suggest you provide us with as much information about what YOU envision for your special day, and we will respond with a quote within 24 hours. Or call 419-688-9357 for an immediate price consultation.

### VALUE VS. “Bargin Rates”

If it’s your goal to simply find the lowest price for a Wedding Band possible, then we’re likely not your best option. But ask yourself this: what would happen if you left your wedding reception or big event feeling like the “bargin rate” Band you hired spoiled your special day?

Would they still seem like a great value to you? With **Just Jazz Live**, you are getting experienced professionals who truly understand how to set the mood and bring that “Touch Of Class” element to your event. Our motto is: **“We want to be the last thing you have to worry about on your big day”!**

## **PAYMENT**

**Just Jazz Live LLC accepts: Checks, Cash or Zelle.**
