WELCOME TO YOUR EVERLASTING MOMENTS I CAN'T WAIT TO TAKE YOU BACK TO THEM

My passion as a photographer is truly capturing people, with their people, feeling all their feels. The essence of my work over the past 10 years has been documenting moments in an authentic way that allows people to project back into their memories- to relive all of their senses of the day all over again. My photos will create this lasting experience for you 25-50 years from now, and I'll do anything it takes to make that magic for you. When I'm not taking photos, I'm a painter, and I feel that I see passing moments similarly to how I would start a painting—my style of photography is golden, warm, artistic, candid, and documentary.

When you're working with me, I'm your professional sidekick, third wheel, timeline assistant, and time capturer. Your wedding gallery encapsules your unique love story and this period of your life, and I see it as one of the most important investment decisions when planning your special day. I'm more than happy to get together for coffee/tea and help your planning be a piece of cake. But most of all, I can't wait to get to know your love along the way.

"FEW PEOPLE CAN CAPTURE MOMENTS BETTER THAN THAT OF THE BURNED IMAGES OF MEMORY. SARAH BERMAN SEEMS TO DO IT EVERY TIME."

LOVE FROM PAST COUPLES

"As a long time admirer of Sarah's illustrations, she was an obvious choice for our wedding photographer. From day one she was a joy to work with; thorough and prompt in addressing my concerns, incredibly professional while also clearly enthusiastic about her work. On the day of she was exactly what we needed. She was clear in giving directions while keeping us all calm and collected. So many of my guests commented to me how lovely she was! I cannot say enough kind things about my experience with Sarah. Our big day was made infinitely more special by having her there with us. Thank you!" -Kaylee & Josh

"Sarah is a true go-to for all things wedding photography and design. Not only was she our trusted photographer, but she also created our breathtaking invitation suite. To have Sarah's creative vision and calm, friendly presence along with us on our wedding journey was such a gift. She took care and time to understand and help me define exactly what I wanted, and then delivered a product that was more than I could have imagined. She is a true artist. Her professionalism and empathy is unparalleled. Do yourself a favor, and hire Sarah. She will make your love look even better than it feels." -Domiana & Joe

"Sarah photographed my wedding in 2015, and was able to, on a whim, adjust her schedule to come earlier. She stayed the entire day, without much direction from me, delivered beautiful photos from our day. She also did a newborn session with our new baby in 2018. She provided props and a stylist, which helped get an array of differently posed shots. Sarah's keen awareness allows her to capture the happiest and intimate details of any occasion. Looking back at my photos, I feel that I am vividly reliving the best moments of my life." -Emily & Anthony

"Working with Sarah is easily the best experience I've ever had with a photographer. She has a way of making you feel completely relaxed, comfortable and you can tell that she genuinely cares about capturing every beautiful moment. Her photography skills are nothing short of amazing and I can't wait to continue to work with her in the future." -Alyssa & Gage

FREQUENTLY ASKED QUESTIONS:

What kind of precautions do you take incase something were to go wrong with your camera/memory card or any of the technology involved on the day of my wedding?

When I shoot events, I am carrying two professional camera bodies at all times. In each camera, every image is backed up to two memory cards at the same time. This way, if one memory card ever had an issue, (which is incredibly rare with high-quality memory cards) the images are already saved onto another card. Both cards are immediately backed up onto my computer + external hard drive at the event.

Do you have insurance?

Of course! Please let me know if or when your venue needs me to send them over documentation.

Do I need a second shooter?

If your guest list is above 125 people, I will require one. If not, I still almost always recommend a second shooter. There are so many things that happen simultaneously in passing moments. Things happening, and someone else's reaction; which is more important? One person, even at their best, can't capture two simultaneous things the way two people could. Also, two different perspectives working as one brain can create a seriously amazing story through images.

What timeline is most popular?

While I have great sample wedding day schedules to send you for both 8 and 10 hour photography options, I have found time and time again that couples feel absolutely the most at ease with 10 hours of time with their photographer. This is mainly due to flexibility in itinerary scheduling, like 10AM-8PM or Noon-10PM, allowing you to relax fully through each step. Everyone is different in their needs and we will make the magic happen no matter which timeline is best for you!

Can I take money off a package by omitting the engagement session or photo book?

Nope, my collections are as-is. I have put a lot of work into creating affordable photography packages for couples over many years. I know selecting a larger package can sometimes be intimidating, but I also know how helpful having the extra time may be for you; so I include a LOT of extras to make doing that favor for yourself and upgrading more than worth it. The engagement session and photo book are simply gifts from me to you, to thank you for putting your trust in my services and the process. They aren't factored into the price and you're welcome to not use them if you wish. Alternatively, you may create your own package a-la-carte if you're in need of fewer hours and perks.

Is there a limit on how many photos we have access to/ do you own the rights to the photos?

Many photographers send proofs, have you select your favorites, and then charge you additionally for rights to your photos of choice. I don't believe in that—I am capturing these moments for you, and I feel that you deserve the right to every single one of them. I shoot as many photos as I feel will tell the whole picture of your story, narrow them down to eliminate duplicates and photos of lesser quality, and then I individually edit every single one to create a unified feeling that speaks to your unique day. Finally, I deliver every final image to you, and you may download, share, or print anything you'd like. I retain the rights to the images in order to share them and promote my work with your permission, but otherwise you're welcome to unlimited use, aside from selling them.

Exactly how many photos will we get?

As I said above, I don't believe in holding your moments from you. Everything I document you'll receive. The exact number is largely dependent on different factors of your day like guest list size, venue size, how many locations we shoot in, how long I'll be with you, whether I have a second shooter, etc. These factors create variation in gallery size, but generally I end up at around 500 images for smaller weddings, and up to 1000 for larger ones.
