

The Wedding Experience

with Remy Photos

WELCOME!

Remy loves working with couples who start as clients but ends up as dear friends. She adores a good love story and even after several years photographing weddings, she is still inspired by every couple that enters her life. Her warm, bubbly, spirited personality allows couples to feel natural in front of the camera. She captures their true relationship and emotions during engagement sessions and on their wedding day. After receiving her degree at ECU in Hospitality and Special Events in 2014 then working in the wedding industry as a coordinator and then photographer over the last ten years, it has given her the opportunity to offer RP clients outstanding service. Remy provides a professional, yet memorable and fun experience that her clients have always appreciated throughout the wedding process.

Remy is so excited to be a part of this special season of your life and looks forward to chatting more about your wedding day. Let the celebrations begin!

Booking Process

After we have secured your wedding date and you're ready to become a Remy Photos couple, I will ask for your contact information and begin creating your wedding contract!

Here are my next steps:

1. Send contract for both parties to sign.
2. Send an invoice with payment plan.
3. Once I receive the first payment, the excitement really begins! I will:
 - Send a fun questionnaire so I can get to know the bride and groom better! (This will also allow me to learn more about your wedding day plans)
 - Find a date and location for your engagement session.

FAQ

Can I add hours to Collection One or Two?

Yes, for \$800/additional hour.

Can I add an engagement session to Collection One?

Yes! \$400 for 30 minutes or \$550 for 1 hour.

Travel fees not included for locations outside of Richmond.

Can we create a payment plan instead of sending the two payments?

Yes, we can create a plan with 3-4 payments spread out or a monthly payment plan starting 30 days after signing the contract and ending 60 days before the wedding date.

What does a part-time second photographer mean?

This means that my second photographer will arrive at the time I think is most useful (for example, this is typically after I finish detail photos and when the groomsmen start getting ready) and they would most likely leave during the reception after all the main events have

If you think we are the perfect fit for you and your love, please contact Remy to begin the booking process.

Now let's get this party started!

LOVE FROM THE BRIDE

“Remy was hands down THE BEST vendor that we used for our entire wedding!! We haven't even received our full gallery yet and I feel confident giving her the highest endorsement and recommendation to anyone looking for a wedding photographer.”

-Claire

“Remy from start to finish was on top of everything and always had the most positive attitude. My husband and I are camera shy and she made us feel so naturally comfortable in our element. She made our day invaluable and captured it flawlessly. SHES A MUST.”

-Allie
