

DJ Greg Frasier's 2019-2020 Fee Menu

Thank you for your interest in having me DJ your wedding reception. My 5 hour rate is \$1295. The deposit to book my service is \$500. No tax, no equipment setup fee. For most events, this is the only fee you'll be paying.

This includes:

- Continuous music, and I encourage you to contribute to the playlist.
- My 25 plus years of experience as a DJ and Master of Ceremonies.
- Top of the line Bose™ sound system and backup equipment.

Additional features:

- **Up-Lighting** \$100 - 200. These lights "add flare" to the room after the sun sets (actual client quote). I will place them against the walls and columns shining up. We can choose a color that will complement the colors you've chosen. The lights add to pictures (just ask your photographer) and also allow us to dim the house lights later for dancing. In most rooms the ideal amount is between 8-12 lights. Let's discuss a plan for the venue you've chosen.
- **Ceremony Music** \$100. I will provide a wireless microphone on a stand for the person performing your ceremony and any readers for \$100. Note: If the officiant insists on using a Lavlier Mic the fee is an extra \$50. Music will be playing during the arrival of your guests to set the tone. I can assist you in choosing the processional and recessional music that represents your personality best.
- **Personalized Introduction Music** \$100. There is never a charge for using one song for everyone, but you might want a special song played for each couple as I invite them into the reception. I require everyone's selection one month prior. I will then edit each song to the best part.
- **Keep The Music Going** \$150 per hour. I always base my fee on a five hour reception. This is typically the same time frame for the venue or caterer. You can decide near the end of the night if you want to continue the music. As long as it's ok with them and the party is going smoothly, it's ok by me.
- **Travel Fee** I work in the Capital District weekly and there is no fee for travel up to 50 miles of Albany. I am also frequently asked to work throughout New York State and New England. We can discuss my travel fee based on the venue you select.
