PACKAGES & PRICING GUIDE

How do you want to remember your day?

Photography is not necessarily all about the pictures... Well, then what is it about?

It's about being transported back to magical moments. It's about the feelings you get when you look at your album... and feeling it all again.

The wind whipping through your hair. The sun's first rays peaking over the mountain and setting your partner's face aglow. The smell of the ocean as waves break during your vow exchange.

Your love story is a wild adventure, and your wedding day should reflect that.

The Wy'East

This package is very versatile and can be arranged to fit most couples' needs. It's great if you want some "getting ready" photos, a good hike (or paddle, off-road excursion or whatever) and multiple locations. It can also be split into chunks, if you're hoping to catch sunrise, sunset and a siesta. (I truly believe that napping outdoors is one of life's most underrated pleasures).

Coverage: Up to 8 hours
