“

*Jen was energetic, sweet, funny and made me feel like the most beautiful bride.*

”

*Hello new friend! I'd love to sit down over coffee or whiskey and take epic selfies with you, but here's a little about myself in the mean time :)*

When I'm not traveling in my van and chasing warm waves, you can find me at work in my Hood River studio, with the heater on and rescue pup at my feet. I am a Florida girl in love with the Pacific Northwest, and adore everything outdoorsy and ocean-related. I am a "people" photographer, netflix binger, VW collector, a bad-joke teller, and an ever enthusiastic adventurer. I believe in holding friends like they're family, staying relentlessly optimistic, and exploring as much as possible. I love gardening, spending time in the sea, and laughing until my cheeks hurt.

My photography style is raw, real, and authentic. I will do anything to make you laugh and I promise I won't make you feel awkward or do anything that isn't genuinely YOU. I make it simple for you, keep it light, and focus on the precious candid moments that naturally occur between two people who are madly in love. Years from now, I want you to look at your wedding photographs and have all of those memories to come flooding back: the bliss, sentiment, light, and laughter from the day you wed.

♥ Jen

*Cultivating a warm environment where you two feel comfortable and at ease might not sound like it would be part of a photographer's job, but it's one of my top priorities.*

“

*She is a total gem and exactly the kind of person you want behind the camera on your special day.*

”

A photograph of a bride and groom laughing together in front of a large bush of pink bougainvillea flowers. The bride is wearing a white lace wedding dress and the groom is wearing a white shirt and a dark blue vest. They are both looking at each other and laughing joyfully. The background is filled with vibrant pink flowers and green leaves.

*Most of my collections are full day coverage, which means I arrive when you start getting ready and leave when the festivities are over. Also, I cover my own airfare and lodging within all of the US and Baja, Mexico.*

*Engagement sessions are the perfect way to get comfy in front of the lens AND a great opportunity for us to get to know each other. What makes you guys laugh? Feel over the moon in love? What gets your silly train moving? I want to know! And if you're up for an adventure with epic scenery, I'm here to take you there.*

Available in Oregon, Washington and Florida, The FotoBus Co. originated from my family heritage of VW love and of course my passion for capturing joy. Each bus has been hand crafted with character and automatically takes professional quality photos. Most of my collections include FotoBus time. Because, let me be honest for a second. . . it's the freakin' coolest.

“  
The FotoBus was such a hit at my wedding! Everyone loved it and getting the photos back very soon after was SO much fun to go through. I would definitely utilize the FotoBus for any event that needs a photo booth! Plus Jen, the owner is the most energetic, happy person you could be around. She is an incredible human and went above and beyond to make sure all guests felt comfortable.”
