Thank you and AMAZING are two powerful words that still don't do enough justice. Between everything we spent money on for the wedding, VIDEO is 110% worth it. Cody created a video I couldn't even dream of. [...] Future brides I'm telling you, you won't regret booking with Cody and Hitched Creative. Now we can relive this day for the rest of our lives :)

Hitched Creative did such an amazing job on our wedding video! They not only capture the big moments beautifully, but capture all of the little details that are otherwise easily forgotten. They are professional, organized, attentive, and very well-priced for the industry. The editing is impeccable, too. I highly recommend them to capture your big day, it is a decision you will not regret!!

Hitched Creative deserves 5 stars in every category. Prompt, professional and personal! These guys were with us from sun up to sun down and such an interactive group with our guests. We just received our video last night and were SO IMPRESSED with how well everything turned out. Did I mentioned it rained on my wedding day? For my OUTDOOR ceremony? Hitched Creative didn't bat an eye. They were so accommodating and wonderful to work with. We highly, HIGHLY recommend.
