CAPTURING CLASSIC, QUALITY IMAGES YOU'LL BOTH

CHERISH FOR THE REST OF YOUR LIVES.

Your wedding day is a magical experience, and I want to ensure it's the best it possibly can be for you by leaning into your unique personalities and relationship, and turning those feelings into beautifully captured memories.

THIS IS YOUR LOVE STORY, AND IT DESERVES TO

BE TOLD ENTIRELY—IN A WAY THAT FEELS

AUTHENTIC TO BOTH OF YOU.

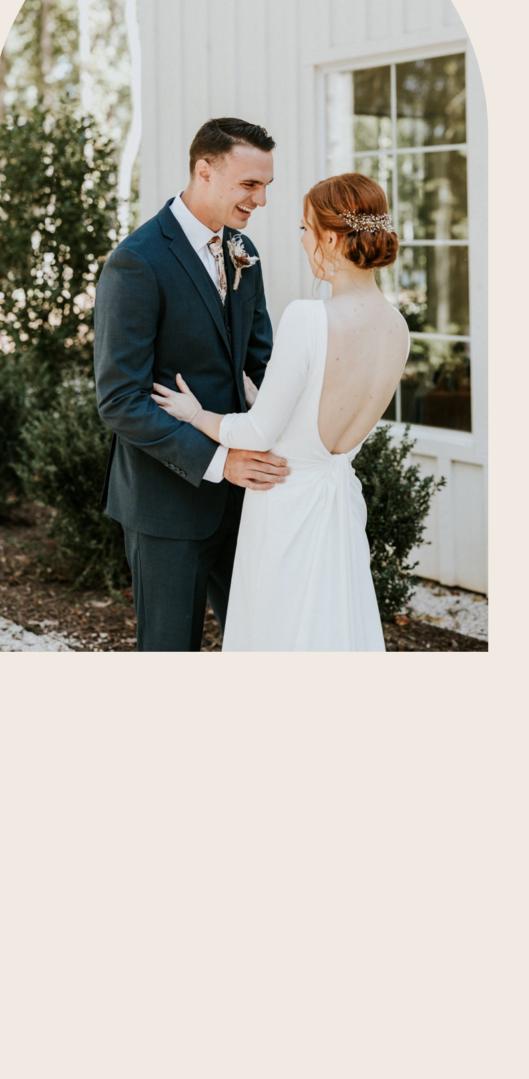

I'll document your head-over-heels in love moments, the celebration of your first kiss, and the first dance you share as newlyweds, and everything in between. You'll have every detail captured and a gallery of photos that look classic and feel completely natural (even when I direct you how to stand).

These photos will tell a story-your story-and showcase your love These photos will be a testament to your love in its truest form and a tangible piece of you that you can pass down for generations to come. I know it's a day you'll want to look back on and cherish forever, and

these photos will evoke a feeling inside you and everyone else who sees them.

I know it might feel a little intimidating, but the truth is, most people have never had professional photos taken before their engagement and wedding photos, and they still walked away with photos they love. This is why I also include engagement photos in my most popular package so you can get comfortable standing in front of my camera and we can get to know each other.
