

Proposal Pricing

If there's one thing we know, it's that every wedding is unique. For LJP, fitting into a 3 package system doesn't suit the needs of our clients. Because of that, we take a highly customized approach to quoting pricing options for couples.

To do that, we will meet with couples to find out all about your event. We'll talk about our services, and how we can deliver everything that you're excited about! That might be albums, engagement sessions, bridal sessions, fittings, rehearsal coverage, prints, wrapped canvases, etc.

We're going to build a custom-tailored proposal to suit your needs.

Prices start at \$3500
