WEDDING GUIDE

PACKAGES & PROCEDURES

Deposit

A non-refundable retainer of \$200 is required to reserve your wedding date. This is done via cash, check, or venmo! By booking that date I am reserving it for you, and I will turn down other brides that inquire for that date after you've booked. For this reason, this deposit is non-refundable. Booking is not considered complete until the deposit has been paid.

Style

I have developed a unique style of video/photo. I am excited to accommodate your special requests regarding style, but remember that at the end of the day I am capturing the event the way I see it and the finished product is a result of that.

Contact

You will be contacted by me *within 2 weeks of booking*. I will schedule a call to introduce myself and go over general details of the big day! There will be a second phone call the week before your wedding to finalize and confirm all details.

For any questions, reach out to us at: ***madisonpfilms@gmail.com***

Duration

The finished video will be between 6-10 minutes in length and will be highlight style. This means that continuous audio will not be recorded live on camera as I will be shooting many clips at different angles. I will be recording vows on a device as well (if added onto package), so you can have the RAW file of audio. It can be added into the video in the end if added onto package.

If you want to add audio of vows or speeches into your video I am happy to do that for you for an additional charge.

Meal Breaks

For every 5 hours of coverage at least a thirty minute break for meals between your wedding ceremony and wedding reception is required. This thirty minute meal break can be substituted by a meal provided at either your wedding luncheon or reception.

Payment

Final payment for services are due **no later than 7 days before the wedding**. Feel free to pay anytime before the wedding date.

Music Choice

I want this to be YOUR video, so I allow you to choose the music yourselves! Copyright laws are very strict regarding using music in wedding videos, so I have paid for three separate subscriptions to music sites that you can choose songs from. You don't need to download anything, just let me know the name of the songs at least one week before the wedding! You have the choice of two songs, one for the ceremony and reception. If we do bridals, music choice for that is included as well.

1) songfreedom.com/playlists

-No username or password required to browse music

-This is where you will find most of the mainstream songs I have a license to use in your video. If there is a pink 'P' next to the song it means there will be an additional \$10 charge for them to generate a license I can use in that video. If you choose to use one of these songs I will just add the \$10 to your final bill.

2) app.soundstripe.com/playlists

-No username or password required to browse music

-Great instrumental & indie selection here

3) musicbed.com/playlists

-No username or password required to browse music

-Great instrumental selection

Video/Photo Delivery

Your wedding day video/photos will be sent to you via email for you to watch within 30 business days, although most of my content is usually delivered sooner.

First look/bridal video/photos will be edited and ready to play at your reception as long as a timely request is made and they are filmed at least five business days before your wedding day.

My wedding packages come with one complimentary video re-edit. If you feel like something needs *minor* changes, please send me an email with your requests to madisonpfilms@gmail.com. After your complimentary edit, if additional edits are requested, it will be a \$75 edit charge. All edits must be made within one week of the package being sent.

Your final video will be available for digital download via VIMEO. This allows you to share it with anyone you want easily. Please download your media as soon as you get it, as I only keep videos up for 1 year.

Video/Photo Posting

I absolutely love getting tagged when you post my photos/videos so please tag me! Word of mouth is the best way for me to keep my business alive!

Raw Footage

I am happy to give you access to the raw video footage for extra. Included will be the most important parts of the day! Dances, Toasts (without professional audio), Walking down the aisle, Exit, Etc. The footage will be uploaded to my online cloud and you will be given an access link where you can download all or some of the clips. Just be aware that the video is HD so the files will be very large. Please do not edit this footage and tag me. Please inform me if you are wanting this before your wedding date!

“Madison makes me feel so comfortable in front of the camera. She captures every moment I want captured and more. She is so fun to work with! I only ever want her to capture my important life moments!
