## ***My heart & soul -***

*I value stories and experiences. Anyone can take a good photograph these days, but my focus is to curate an experience for my clients that creates comfort, evokes emotion, uncovers a relationship, and tells a story. I'm a lover of authentic, candid moments, and images that represent that. Forget the traditional poses and anything cliché. My goal is to capture the raw, the messy, the genuine emotion, tears and belly laughs, and everything in between.*

Now here are some words from my recent, oh-so-kind, brides!

"I had the pleasure of Taylor shooting my wedding (her first ever!) and it was an awesome experience. She was there early enough to get all of our detail shots as we set up, as well as photos of both the groomsmen and bridesmaids getting ready. They are some of my favorite shots! She did a really great job at getting photos of us and our guests throughout the day and into the evening. We will cherish these photos for years and years to come, and when I look back on our day, I will be thankful we hired Taylor to capture it."

"Taylor really captured our true love for one another and I couldn't appreciate that any more. She went above and beyond on the amount of pictures you took and also edited that I have so many pictures to show of how great our night was. The details were beautiful and the editing was fantastic. Her communication through out the months leading up, and the day of couldn't have been better, and with it being such a hectic day, she was able to get my husband and I where we needed to be for pre wedding photos. She knew exactly what she was doing, and we know we won't be booking anyone else for photography sessions from here on out!!"

**- TYLER B.**

"I would HIGHLY recommend Taylor Logue as your professional photographer. Taylor cared as much about details as I (the bride) did. She wanted to know about specific desired shots, family dynamics, and especially timeline! It made me feel great that she paid very close attention to detail. She shot my wedding this year and I have nothing but good things to say about her. She checked in with me on a regular basis, met with me periodically to discuss what my vision and hopes were for my wedding, and cared as much about the details and the timeline as I did. She got our teasers to us the next day and within 6 weeks we had all of our photos done. And they ARE PHENOMENAL."
