

# 2019 Pricing and Packages

## ONE LOVE DJ PACKAGE

\$995

If you just want a DJ this is the best the all-inclusive package you will find!

**What does it include?** Unlimited hours of music, premium right sized sound system with wireless microphone in up to three locations at the same venue, dance floor lighting, one-hour wedding entertainment consultation, music planning form and online music selection help.

### What will the DJ do?

- provide a pre-wedding call to confirm all the details for the big day
- prepare the wedding music and introduction list
- arrive 1-2 hours before the wedding to set up and test everything
- make any needed announcements
- provide continuous music
- handle requests as directed by the couple
- prepare your personal playlist of up to thirty songs

### What skills and experience will the DJ have?

- basic & advanced music selection & blending
- proper and appropriate microphone use
- managing wedding entertainment flow
- solving technical equipment issues

**What does “right sized sound system” mean?** If you are in a small venue, we bring an appropriate system, so we don't over power your guests and leave them uncomfortable. On the other hand, if you are in a large venue, we bring enough sound reinforcement to fill the room, so it is a lively party! We have several ways to adjust our systems and the knowledge of how and why to make certain adjustments to benefit your wedding.
