ONE LOVE DJ PACKAGE

\$995

If you just want a DJ this is the best the all-inclusive package you will find!

What does it include? Unlimited hours of music, premium right sized sound system with wireless microphone in up to three locations at the same venue, dance floor lighting, one-hour wedding entertainment consultation, music planning form and online music selection help.

What will the DJ do?

- provide a pre-wedding call to confirm all the details for the big day
- prepare the wedding music and introduction list
- arrive 1-2 hours before the wedding to set up and test everything
- make any needed announcements
- provide continuous music
- handle requests as directed by the couple
- prepare your personal playlist of up to thirty songs

What skills and experience will the DJ have?

- basic & advanced music selection & blending
- proper and appropriate microphone use
- managing wedding entertainment flow
- solving technical equipment issues

What does “right sized sound system” mean? If you are in a small venue, we bring an appropriate system, so we don't over power your guests and leave them uncomfortable. On the other hand, if you are in a large venue, we bring enough sound reinforcement to fill the room, so it is a lively party! We have several ways to adjust our systems and the knowledge of how and why to make certain adjustments to benefit your wedding.

Love Story Video

\$299

We film/edit a 3-8 minute video in which the couple is asked questions such as “how did you meet”, “how did the proposal happen”, or whatever questions you want. This is a great way for all the guests to learn about the couple in a unique way. The video is played during the grand entrance right before the newlyweds enter the room.

- Couple must book the Dance with Somebody package and provide a location to shoot the video such as their home.

Description of lighting services

Up-lighting: computer controlled wireless up-lights which can be set to your color choice. After dinner they can stay one color or change to the beat of the music.

Monogram: The couples name projected in light onto a wall of the dancefloor. Our monograms are high resolution and can display in color or white.

Pin Spotting: A small white spot light used to bring attention to the cake or sweetheart table.
