

Services and Pricing for The Cake Maker

www.thecakemaker.us

The Cake Maker is currently a single person operation so I have a minimum of \$400 to include delivery. If the order totals less than \$400 a delivery fee will be added to reach the \$400 if you wish to have the order delivered. There are a few venues that I require an extra delivery fee to deliver and that fee is in addition to my minimum and for any order total over the minimum. Please see my delivery location document to see if your venue requires an extra delivery fee. These are locations that require extra time and care for the cake.

**I primarily service Breckenridge, Winter Park, Grand Lake, Steamboat and Vail.
I am located in Kremmling.**

Wedding Cakes

My cakes average \$5 a serving. For example, a three-tiered with standard height tiers and a buttercream finish to serve 80 guests is \$400.

I have a minimum of \$400 to include delivery.

Pickup is more than welcome, but not always available since I limit what I take on in a day. I am located in Kremmling. If you wish to GPS the route the zip code is 80459. I have no minimum for pickup orders, but the pickup time must work around my deliveries if I have any. Typically the day prior to the event works best for pickup and I do suggest having a refrigerator to store it in. If pickup is chosen at the time of the booking and then later on decided that delivery may be better I may no longer be available for a delivery.

Please check my delivery location document to see if your venue requires an extra delivery fee. If the venue is not listed, please reach out and I will happily let you know if I deliver to the location and if any extra fees would incur. For deliveries beyond my normal circle I have a minimum order of \$700. Depending on the location I will sometimes stay the night in the area. I would cover that expense if I feel the need.

My pricing does not include embellishments for the cake since they are so personal to each couple. Embellishment are things like fresh flowers/greenery, topper, cutting set or cake stand if you should wish to have something nicer than the cake drums that I offer. The cake drums that I keep on hand are white, a half inch thick and are disposable. If you will have a florist for your wedding I would suggest ordering flowers and greenery for the cake through your florist so that everything matches your floral décor. I am more than happy to decorate the cake when I deliver if the greenery is on site. All of the cakes on my social media pages and my website I did the floral and greenery arrangements on. It is a good idea to give both your florist and myself your thoughts for the floral décor.

To receive a quote, please send photos or a written description of what you have in mind along with an estimated guest count, wedding date and your wedding location to my email sarah@thecakemaker.us. You can also reach out by phone, 970-471-0700. Due to my schedule I typically respond to phone calls from the Friday-Sunday on Monday. And during the busy season emails from Friday-Sunday will be responded to on Monday. Please check your junk folder if you are expecting an email back from me and have not received one.

Groom's Cakes

Groom's cakes start at \$5 a serving. Cost will increase with intricate designs.

Birthday Cakes!

If you are willing to pick up from me there is no minimum. I base birthday cake pricing on complexity and size. Choosing a simple one tier cake with one color of frosting and one accent color is the lowest cost option for a birthday cake! My full flavor menu is available for birthday cakes!

Cake Tastings – *I offer tastings through the mail year-round. Tastings are typically sent out on Mondays. I like to suggest making an event of it and purchasing a bottle of wine or champagne!*

Cake Tastings through the Mail - \$35

Please keep in mind that shipping cake and frosting through the mail they do not always arrive in perfect condition. If anything the cakes can get a little smooshed, but it is still a fun way to try some flavors!

This includes priority shipping through USPS, 3 cake flavors (2 cupcakes of each flavor) and 3 frosting flavors. The cupcakes and frosting will be packaged separately so that you can try any combination that you would like!

I do not put fillings through the mail because they do not hold up through transportation.

If you would like to try additional cake or frosting samples the cost will be \$5 per extra cake sample (2 cupcakes per flavor) and \$2 per extra frosting sample!

I use priority mail through the USPS.

If you would like for me to Express Mail the samples I charge the total for the shipping cost once I have it weighed on my end. It averages around \$50.

Undecorated Sheet Cakes

I make sheet cakes 4" tall to match my standard wedding cake tier height. They can have a cake, frosting and filling flavor just like the bridal cake!

My sheet cakes serve 35-40 bridal servings depending on how they are cut and they are \$100 per sheet cake.

They will not be decorated, so you would want to have a place to put them that is not next to the decorated cake. I wrap them in plastic wrap and label with what they are and the serving count.

Cupcakes

Cupcakes – Orders in increments of 24.

You are welcome to order different flavor combinations per dozen.

The more flavor options that you offer to your guests the more cupcakes will be needed. Most guests will have more than one cupcake when they see that you have options. Every family is different though. My family LOVES cake, but yours may not. Keeping the flavor combinations to two or three options will keep the number of cupcakes needed down.

Example of Cupcake Order:

Event with an expected guest count of 100 that has only cupcakes for dessert and orders 2 to 3 cupcake flavors should order around 144 cupcakes.

Unfilled Standard Sized in a plain liner - \$3 per cupcake.

Filled Standard Sized in a plain liner - \$3.25 per cupcake. Filled cupcakes can be a little messier for your guests to eat. Napkins or small plates would be smart to have on hand.

Giant Cupcake

A giant cupcake is \$80.

Serves 10-12 cake portions plus it has a pound of chocolate for the “cupcake liner”!

Bundt Cakes

Regular Size Bundt Cake \$65 each (**serves 15-20**)

Mini Bundt cakes \$5 each (**flavors in increments of 12**)

Cookies

\$30 a dozen

Flavors: Chocolate Chip, Peanut Butter, Snickerdoodle, Oatmeal, Oatmeal Raisin and Rice Krispy Treats.

Order by the dozen, of all the same flavor.

Brownies

\$40 a dozen

Flavors: Chocolate Fudge

Order by the dozen.
