YOU'RE GETTING MARRIED!
I'M SO THRILLED YOU'RE HERE!

I know you have endless options when it comes to wedding and engagement photographers, so I am truly honored that you would consider me to create images that you will look back on for years to come! I focus on the disappearing beauty of the tangible goods. I do offer digital products, but I also want to bring this glorious day off of your computer and into your hands. Accessible for generations despite evolving technology. There is just something raw and beautiful about flipping through pages and telling a story. I also know that planning a wedding can be stressful, tedious, and full of so many big decisions. I'm here to hopefully make that process easier for you!

So why choose me?

Well, I'll be the first to say that my photography isn't for everyone. There are so many great, fun trends with photography, but I also want to provide you with memories that will still be beautiful when you show your grandkids in fifty years.

I'm for couples who want to scale mountains, hike in forests and run through the water on the beach to get the perfect shot! I'm for couples who crave earthy tones and images full of mood and emotion. I'm for couples who want to celebrate each other by getting intimate in front of the camera, and rocking out to tunes while we celebrate your love!

If you're down with that, it sounds like we're going to get along just great and I can't wait to get to know you and your fiancé! My brides and grooms are so much more than clients to me. Consider me your extra bridesmaid. I want to be your friend through this process, be on your speed dial for all your wedding needs, and by your side on your big day to hold your bouquet, fluff your dress, or just give you a big hug!
