ABOUT ME

I love getting to know people. I want to hear all about your love story, how you got engaged, the proposal, what you want your wedding to be like, everything. I value relationships. My goal is for you to enjoy the whole picture process, even if you typically don't.

When I'm not snapping photos you will find me hanging with my nieces/nephews, thrifting, playing board games, going to church, seeing new places, being outside, volleyball, audiobooks, or finding new coffee shops.

Bethany is amazing both behind the camera, and to interact with....and made the experience so fun. She knows how to pose you in natural ways and really get you laughing to capture authentic moments.

Why weddings??

I love weddings. There is always something unique, engaging, and incredible about each wedding. The fact that it's the one day your crew--family who changed your diapers (ew, I know) to college friends and everyone in-between-- comes together to celebrate you TWO becoming ONE. Starting your own family. I love marriage and I want to honor it by capturing the day- not just what it looks like, but also how it feels.

My personality is a great asset because I'm flexible, enjoy on-my-feet situations, & love connecting with others.

Your wedding photographer is more than a fancy camera & the push of a button.

Wedding photography requires a specific skill set. You want the assurance that whatever situations come up, lighting, scheduling, something going wrong, organizing, etc. that you are going to end up with accurate, incredible, moments to look back on for the rest of your life. It truly is one of the most important wedding investments.

It's necessary to have lots of equipment for different situations, back up gear, storage management, insurance, contracts, planning, EXPERIENCE, communication, and so much more. You can't redo the wedding.

“Bethany did such a great job covering our wedding day! The entire day went by like a blur; I couldn't be more grateful to have such gorgeous photos to look back at forever as a reminder of my day.

Q & A

HOW LONG HAVE YOU BEEN DOING WEDDINGS?

I have photographed 90+ weddings and LOVE it!! My 8 years of wedding experience will help your photos to be more efficient, knowledge of lighting, and fast decision making.

HOW MANY PHOTOS WILL WE RECEIVE?

The photos are delivered on an online gallery that you can share, download, & even print. The great news is there is no set limit! I love having a variety of images myself, so I like to deliver 400-800+ images.

WHEN WILL WE GET THE PHOTOS?

I know you will be SO excited to get your photos! The anticipation will be grand, so I love sending sneak peeks. All photos are edited and delivered typically within 3-9 weeks. The amount of time will depend on the season.

DO YOU BACK UP THE PHOTOS?

Yes! Your photos are priceless. I use two memory cards when shooting and afterwards make sure photos are backed digitally & physically.

HOW DO WE PRINT?

Finding a high quality print that does not turn your photos a weird green color can be tough! Fortunately, you can order true to color, high quality prints directly through your gallery for a great price. Bonus is I get a small commission! Yay for supporting my small business!

Q & A

HOW WOULD YOU DESCRIBE YOUR EDITING STYLE?

My specific style is timeless true-to-color. Each photo delivered is hand edited to have an appealing and aesthetic look that matches the whole album. I want photos to look good years from now and to age well.

DO YOU PHOTOSHOP?

I want to capture and honor the day in an authentic manner. Differences and character are what makes people unique and I leave them untouched. Distracting items that are not a piece of you, like acne, bruises, or stains I will do my best! If you are wanting to change/modify your look we may not be a good fit & that is perfectly okay!

WHAT IF I HATE BEING PHOTOGRAPHED?

The good news is you are not left in the dark! You do not need to know what to do, because being photographed is hard. I like to guide people to create natural movements and moments that represent you.

HOW DO WE BOOK YOU FOR OUR WEDDING?

Send an email or message through my website/Knot/WeddingWire & I can make sure I'm available on your date. I go by a first come, first serve basis. I always meet (virtually or in person) to make sure we vibe, because you don't want just anyone to be around you all day on one of your most important days! If you are ready to book the deposit is 1/3 of the total package & the contract is signed digitally. If you feel the need to change up your package later, no worries!

The Process:

1. Send an email. What type of photos are you looking for? It's helpful to include wedding dates if applicable.
2. Ask all the questions, see a full gallery, and read the contract!
3. Before booking weddings I love to video call or meet in person to talk through details and make sure we are a good fit. I want you to be 100% excited about your wedding photographer!

Neither my husband nor I are very comfortable in front of a camera and she did a fantastic job directing us and giving fun ideas of shots to take with the bridal party. We ended up with hundreds of beautiful photos – definitely above and beyond what I was expecting. She was also an absolute pleasure to work with.
