## PHOTOGRAPHY AND PHOTO BOOTH

samanthamari photography.org Albert Lea, MN

### Why should you consider a photo booth at your wedding reception or upcoming event?

- Wedding photographers and videographers focus mainly on the bride and groom. They capture the highlights of the day, but aren't able to get images of all the guests in attendance. Having the photo booth available allows you to capture hundreds of images to add to your collection from the special day.
- They're fun for everyone! Putting on silly glasses and having a mini photo shoot helps guests to loosen up and have a great time. Plus having the booth attracts guests that you wouldn't always expect to want to have their picture taken.
- It fills time and gives your guests something to do during cocktail hour or when they need a break from dancing.
- Party Favors! The printed photo strips are a gift to your guests and gives them a keepsake to take home with them.
- If choosing to have a guestbook created; you don't have to wait to receive copies of all the photographs from your event along with personalized notes from your guests; it is ready at the end of the event for you to look through.
