A few client reviews of my work

"We had such a wonderful time as well as our guests, and Julian was able to capture these moments so perfectly. If you are looking to capture candid moments in time on your joyful day, we HIGHLY recommend working with Julian!"

~ Katelyn V., bride

Mr. Cavazos is an excellent photographer! The photos he did for me and my husband's wedding were absolutely stunning! He does a great job creating beautifully framed photos and capturing all of the fun moments that occur throughout the day.

~ Karen M., bride

"He was the best photographer we ever had. Super sweet professional, and he understood exactly what I wanted, which was candid moments to remember.

~ Amanda F., bride

This is me with my wife and kids in Hawaii.

MY COMMITMENT TO YOU

I commit to capturing candid photos of the beauty and emotion of your day, and to providing you with a smooth, simple and trustworthy experience.

MY PROCESS

My process for serving couples is important to me. I truly want to get a sense of what's important to you so I can create a beautiful wedding story for you.

Here's what to expect:

1. Meet over Zoom so I can listen to what you're envisioning, and see if I'm a good fit for you.
2. Build a custom package for you.
3. Continue communicating leading up to your wedding to ensure we're on the same page.
4. Shoot intentionally with your wants in mind.
5. Deliver your images
6. Collaborate with you to preserve your special day through wall art and albums.

"He made us feel very comfortable. He was able to capture all my family's shenanigans and silly moments."

~ Gabriel G., groom

WEDDING ALBUMS AND WALL ART

Your wedding album holds great sentimental value.

It contains cherished memories, emotional moments and unforgettable experiences that you'll get to relive over and over again and pass down from generation to generation, preserving your love story.

I'll work with you to design an album that tells the story of your day. Albums are included in the Wildest Dreams and Love Story collections.

When I send you the digital gallery, you'll "favorite" the ones you want potentially included in the album. I'll send you a proof of the album and you'll get 3 rounds of revisions before ordering.
