DJ/MC Services

Complete Wedding DJ/MC Package - \$1400

Includes up to 8 hours of performance time (ceremony and reception), up to an hour of travel time, along with set up and break down time, full speaker set-up, turntables and mixer, a laptop computer, one wireless microphone, one corded microphone, and all other equipment and supplies required.

The Complete Wedding DJ/MC Package also includes all consultation meetings and calls, a wedding planning checklist, and wedding day outline to help coordinate your wedding day itinerary, or timeline, in advance.

Additional Speaker and Microphones for Separate Ceremony Space - \$300

Some venues have a second, more intimate space where ceremonies are held, separate from the main reception area. In this case, I will bring one additional speaker set-up to control the sound during the ceremony, along with extra wireless microphones for those speaking during the ceremony.

*

Day of Coordinator

Add Day of Coordination to your DJ/MC Package - \$1200

Includes one additional wedding professional for up to 10 hours on the day of, along with additional planning and coordinating duties.

*

The Day of Coordinator ends up being in communication with your DJ/MC about all the other vendors and key players of your wedding throughout the entire wedding.

Hiring a Day of Coordinator who is professional, and calm under pressure, and has good chemistry with your DJ/MC can be a game changer when keeping track of your wedding vendors during set-up on your big day, herding the guests and bridal party and family members to their proper posts at specific times, checking on the status of meals with caterers and directing service, and synchronizing every photo opportunity with the photographer and the perfectly timed soundtrack all day, and all night.

With your DJ/MC and Day of Coordinator on the same page, working with all your other vendors (especially your photographer) leading up to the big day, you'll be able to rest assured, and save space for what's really important on the day of your wedding, and during the final days leading up to your big day.

Add-Ons

Uplighting - Starting at \$300

Extensive Dance Floor Lighting and Effects - Starting at \$400

The Complete Wedding DJ/MC Package includes 3 floodlights, 2 small lasers and 2 mini colorful disco balls, but if you want to create a unique atmosphere using uplighting throughout your entire reception space, and effects with professional lighting on the dance floor, Wine Valley Weddings can really bring the show to life.

Additional lighting and effects will include additional consultations.

Selfie Station - \$350

The Selfie Station comes with three selfie sticks (so guests can prepare their phones while waiting for their turn), a fun backdrop of your choice, and all the props needed for fun memorable selfies.

Wine Valley Weddings will provide the signage telling guests where to post or send their selfies, for you and yours to see.

MORE

Looking for someone to help you book other vendors - photographers, caterers, entertainment, or even a venue?

I can help with booking additional wedding vendors.

Maybe you want someone to help by playing a larger role in the planning and designing of your wedding day - and the smaller events leading up to the special day?
