

Design Package

Our Design Packages at Nene's Deco are our most comprehensive package we offer.

With this package, we take our brides on a full-service journey that is tailored to ensure that your needs are met. The Nene's Deco experience to design is customized and built through several planning sessions including design checklist ensuring the proper information is gathered to create your perfect wedding design. Afterwards, we provide you with a custom proposal which outlines design options for your wedding. Setup and Design price ranges typically are about 20 - 25% of total wedding budget.

Custom Additions May Include:
