## ABOUT

*To put it simply... I really enjoy what i do. Photographing you during your happiest moments is something that never gets old and i'm thankful every time I pick up my camera that i get to do this for a living. I have photographed over 200 weddings in my career from Detroit to Jamaica and each one is unique because each couple is unique. That is why I take the time to get to know you and provide a personal experience before, during and after your wedding. Enough about me though, I would much rather meet up for a cup of coffee or drink and get to know one another to see if we are a match!*
