WHAT TO EXPECT

We strive to photograph every wedding in an authentic way as we love nothing more than capturing who you really are. All aspects of your wedding day from the quiet early moments during the getting ready to your ceremony and reception will be expertly photographed. No stone will remain unturned, formal group shots, candid moments, intimate embraces and much more. We use the best cameras and lenses both as the main and backup equipment and shoot in RAW which is the highest format available. That means each image will be individually edited for the best results.

You will receive a batch of 150 images the next day after the wedding because we know how excited you will be to see them. The rest of the photos will be ready in 4 to 6 weeks after the wedding and will be sent as an online gallery ready for viewing and downloading. You should expect 700 to 1000 images for a 150 persons wedding.

If a wedding book is part of your package we will need you to send us your selection. Once we receive it we will get to work, send you the final design for approval, send it to Graphistudio in Italy for printing.

Four short weeks later the book will be in your hands.
