Drone Footage - \$0

That's not a typo! I offer drone footage at no additional cost. Aerial footage is an important part of a Wedding Film, so I will always be sure to get the drone up as long as it is legal at your venue (which it usually is).

Raw Footage - \$395

Everything I capture throughout the entire day delivered on a flash drive. Great for reliving so many moments on a day that will fly by. This includes the full reception entrances, first dance, parent dances, first look, and any other special events that happen!

Extra Hours - \$200/Hour

Want even more coverage of everyone getting ready in the morning, or have an extra special send-off at the end of the reception? I'm happy to stay for all of it!

1 Minute Teaser - \$295

Is the Gold Package a little too much for your budget, but you still want a short, fun video to share on Instagram? A Teaser can be added on to any package! I'll even edit a vertical version to share on Instagram Stories!

Personalized Video Book - \$350

Always have your Wedding Film on hand and ready to view with a linen-bound video album! Simply open it up and re-live all the greatest moments from your wedding day. Perfect for sharing when you have company over and looks pretty great on a bookshelf!
