WHY MICHELLE BROOKS PHOTOGRAPHY?

The first two reasons you should choose your wedding photographer are because you have fallen in love with their style of photography and you click with them on a personal level. If either component is missing, keep looking! Once I have passed those initial requirements with you, here are a few other reasons you can be confident you've made a great decision:

- Member Professional Photographers of South Carolina
- I am a full time photographer
- I use high-end, professional grade equipment, complete with back-ups
- I always use a second shooter for weddings
- I am insured (both liability & equipment)
- I am experienced
- I have been published in numerous wedding blogs, including The Lovely Find, Savvy Deets, Hot Pink Brides, A Paper Proposal, The I Do Photography Network.
- Photographing weddings is not just a job to me – it is a passion to which I am committed, a telling of a story of hearts with images

DIGITAL IMAGE DELIVERY

I deliver to all clients their edited, high-res images via a PASS online gallery (to view a short video on PASS go to <https://vimeo.com/channels/491915> ; to view a real PASS gallery go to <http://michellebrooksp photography.pass.us/portfolio>)

Why PASS? Just to name a few reasons:

- PASS gives you your images the instant they are finished, no waiting for discs or flash drives any more {yay}
- Images can be instantly downloaded onto your own computer, shared to Facebook, Twitter or Pinterest with a click of your mouse
- Your collection is online for TEN YEARS! (wedding collections; all other sessions get basic PASS galleries, upgradeable for a \$29 fee paid to PASS)
- Order prints directly from your PASS gallery & have them delivered to your door
- Custom app for phone or tablet
- Easy sharing of your gallery with friends & family
- It's uber cool (-:

EDITING

Are You An Individual or From a Batch?

I feel strongly that each image that goes into a collection is as individually unique as its subject, so my method of editing is to hand-edit every single photo that makes its way into that collection. There are many photographers who use a “batching” method to edit the majority of a collection (culling out a few favorites to hand-edit) & that’s fine, nothing wrong with that...but it’s not my technique. Tried it, couldn’t do it. This does mean that it takes me a little longer to edit an entire collection than many of my colleagues (average time for a wedding collection is 6-8 weeks with a sneak peek within two weeks); so each prospective client will need to decide which is most important to them – if it’s a fast turnaround, I’m not your girl. If it’s to be confident that each photo is the absolute best it can be, that would be me.

BRIDAL SESSIONS

Engagement / Bridal Session Fee \$300

- Unlimited Photos
- 1 1/2 hr shoot

Bridal Sessions

WEDDING PACKAGES

Wedding sessions require a reservation retainer of half the investment total at the time of booking, with the balance due two weeks prior to the wedding date. The retainer is non-refundable in the event of cancellation. A verbal consult is required, whether face to face, Skype or on phone, to ensure that everyone is on the same page & everyone's expectations are voiced & understood. These wedding packages are just samples of what I offer; most couples get a tailored package to fit them perfectly. Please contact me for an exact investment quote.
