## EVERYTHING YOU NEED TO KNOW ABOUT OUR WEDDINGS

---

At Emerald and Evergreen we strive to tell your story. Whether or not we accomplish this through providing a video you can look back on to reminisce on one of the greatest days of your life, or a photo album that you are proud to share with your friends and family, we will go the extra mile to tell it accurately and in a way that shows your love for one another.

The day of the wedding, we strive to always stay calm and positive, and we hope you will too! Our approach to photos and videos is more of a stylized documentary. We will do some posed and set up shots, but above all, we want to capture the day as it truly happens.

### -VIDEOGRAPHY-

At Emerald and Evergreen we know how important it is to have a video that not only shows the day, but its shot and edited in a way that shows who you are as people!

Our Videos start out at \$1800 + Travel. This base price covers the day of the wedding from when you start getting ready, till when you leave the reception. 6-8 weeks latter, you will digitally receive a 3-5 minute recap video that shows the events of the day in a stylized way set to music with short snippets of audio from the wedding!

You then have the option to add on a second shooter (we do recommend this for most weddings) for \$400, a full recording of the ceremony for an extra \$500, and an upgrade to a 6-8 minute recap video for an extra \$400. We do have an option to mix and match any of these to create a package that fits your needs!
