# Some Kind Words

From the moment I spoke to Heather I knew she was the one to make our special day everything we hoped for. She knew all of our vendors and coordinated all the details and timing just perfectly. I was so relaxed the day of our wedding as I knew Heather had everything under control. I did not question for one minute that things would not be executed perfectly as Heather was in charge. From logistics, to decor, Heather understood our vision and had wonderful suggestions. Heather also did my florals and they were even more beautiful than the ideas I had in mind. I was blown away by her creations and our bouquets. Our wedding took place the weekend after Hurricane Matthew in which Manteo was underwater and had major damage. Heather called ME to tell me not to worry, all when her family was going through the recovery and damage to their home. That attests to the level of service and care for her clients she has. What makes Heather so great to work with is that she is truly a wonderful person. Any bride would be lucky to have her as part of their special day.

Heather is very talented with floral arrangements and bouquets. I absolutely loved the centerpieces that she created! She designed an amazing and gorgeous wedding reception. Heather was also great during the planning process. All of the vendors that she recommended were great! It was nice to have her help so I did not have to worry! I would highly recommend Heather for floral design and planning and coordination.
