

# HEATHER NOONAN PHOTOGRAPHY

## Wedding Day Coverage

**\$3,000**

Coverage of 8-10 hours of photography on your wedding day. Generally this amount of time takes you from getting ready to the earlier portion of dancing. Roughly 1,000 images will be delivered through a password protected website for your personal use.

## Rehearsal and Additional Event Coverage

**\$1,200**  
per event

Rehearsal dinners, bachelorette parties, morning-after brunch; capture these additional moments with event coverage. Images are provided on the same password protected website as your wedding photos.

## Second Photographer

**\$800**

To ensure no details are missed, discuss this option during your timeline meeting. Having a second photographer provides new angles of your wedding and allows for simultaneous photo shoots.

## Casual Pre-Wedding/Engagement Photo Shoot

**\$500**  
Wedding Client

Sometimes in all of the hustle and bustle of wedding planning, it's nice to slow down and remember the engagement. I like to photograph couples in their home, favorite spot outdoors, or perhaps in the town they are about to be married in! Generally these shoots are two hours long and can include an outfit change or two if desired. Includes a password protected website with 50-100 images.

**\$600**  
Individual Booking

## Retouching

**\$50**  
per image

All of your images will be carefully processed from their original digital negatives. That said, when making prints or sending your images out for the world to see, you may want some retouching done. This includes lessening undereye bags, removing distracting background features, reducing fly-away hairs, and slimming areas. Please note that this fine tuned editing will be done on the "sneak peak" images from your wedding shoot and is included in the cost of photo albums listed below.

## Signature Albums

**\$750**  
and up

These albums are printed on fine art paper, with stiff medium weight pages, and linen covers. They are completely customizable. The process will begin with a pre-designed album that I create. Using that as a jumping-off point, we will work together over the course of two rounds of revisions to create a book you will love for years to come. Base number of pages is 30 pages; includes photo retouching.

## Heirloom Albums

**\$1,400**  
and up

These albums are impeccably crafted with leather covers, modern design, and hard photo finish pages. Beginning with a pre-design, we will work together over the course of three revision rounds to create a book you absolutely love. Base number of pages is 30 pages; includes photo retouching.
