PROOFING

We encourage all our couples to give feedback on our photography and video edits. Most of the time this is done in one session, but we're willing to allow as much three revision sessions to your edits.

PRINTS

Our desire is to make your prints as beautiful as the day you remembered. Thus, we allow for you to review your chosen photos for the canvas and photo prints. We want you to love them as much as we do!

MUSIC

You are hiring us to create a piece of art that represents your wedding day to the best of our ability. We will ask you for your input, so in the end your wedding film soundtrack reflects your style and tastes and is unique to your wedding. We also give our suggestions after reviewing your preferred playlist, and will let you know the songs we are most interested in using in our edits.

TRAVEL

Inside the greater Phoenix Metropolitan area..... No additional travel fee
Outside the Phoenix area but within Arizona..... \$50 Travel fee
Out of state travel..... Flight, hotel, and car rental cost coverage

OUR TEAM

Luxium Weddings is owned by photographer, Matt Le, and cinematographer, Dave Contreras. Matt and Dave's time only allows for 10-15 weddings per year. It is the creme de la creme, the filet mignon of wedding photography and films. They would love the opportunity to photograph and film your wedding day together! They are also available separately if you have already selected another preferred vendor.

If you'd still like one of the best wedding films and photographs in Arizona, Matt and Dave have trained two separate teams so you can still have a creative and compelling documentary of your wedding that you deserve, at a lower investment level. Although still limited, our trained teams are available to shoot more weddings a year. At the end of the day, you will meet your team personally and know exactly who will be shooting your wedding, fulfilling all your photography and cinematography expectations.

NEXT STEPS

We know this season of time for you is going to be busy, maybe even a little chaotic, so we want to value every minute of your time. Our goal is to make you feel comfortable and at ease with booking us. We've outlined all the main steps for you to move forward with hiring us on your wedding day.

SETTING UP A MEETING

After looking over our pricing, if the budget is a fit we would love to set up a meeting with you in person or over a phone call, totally up to you. Dave or Matt will get to know you and will learn all about your wedding day plans. We will also go over all of our packages and enhancements and help you build the right photography and film packages for your special day.

BOOKING YOUR DATE

Once you select the perfect package and enhancements, we will send you an outlined contract to sign and confirm your booking. After that, we will touch base with you about your preferred method for making payments.

PAYMENT INFO

Our company accepts cash, check, and credit card transactions. We use PayPal for all credit and debit card transactions. Using PayPal does include a 2.9% fee for their services, so we will have to charge that additional amount to the payment total.

We hope to hear from you soon!
