

Pricing Packages Of our most Popular Packages Start at the following:

\$500+ for Coordination and Management

\$1200+ for Planning

\$200+ for Officiating Services

\$299+ for Pop Up Weddings/Elopements

You will receive a basic price range quote after a quick 10 minute complimentary telephone consultation. A written final quote/proposal is given after an In-Person or Video-Conference consultation is conducted in which a full questionnaire is completed to accurately determine all your wedding day/special event needs are thoroughly assessed. As each wedding is different and unique from one to another, there is not one price quote to accurately fit every couple's special event. We believe in providing the most accurate, thorough and professional service to every potential couple from start to finish! This is after all a very important big day you have spent much time and resources invested in. Your big day is so worth the extra care!

(Think of this similar to a roofing or car repair process in which a professional service provider will need to speak directly to the potential client and see, hear, preview the situation/problem in logistics of what, when, where and how, etc. to determine your custom price first before proceeding!)

~Splendid Events don't just happen, they are *Masterfully* planned~
