

Proximity to Town

### The Town of Julian

Julian is a historic gold mining town located approximately one hour east of San Diego. It is a quaint mountain retreat with four distinct seasons: Spring brings the blossoming of many flowers including daffodils and lilacs; Summer is perfect for hiking and star-gazing; Fall is famous for the apple harvest and fall colors; while Winter brings snowfall and bright, crisp days.

Although famous for its apples and superb apple pie, Julian has become the center for visitors who wish to stay in the mountains but take day trips to the nearby casinos, the Anza Borrego Desert State Park and the coast. It is known as the B&B capital of Southern California with its romantic atmosphere, and is also fast becoming a great destination for families, hikers, weddings and corporate retreats.
