

BREA PHOTOGRAPHY WEDDING PRICE LIST

Brea Photography specializes in eco-friendly lifestyle photography. We blend clean and crisp coverage of you, your family and your details with a natural, effortless look to create images that will re-tell your story for a lifetime.

We provide you with multiple options to custom tailor our collections and add on in a way that makes sense for you, and your budget... without compromising coverage or quality. And you will have the flexibility to print and share your images as well as obtain beautiful eco-friendly prints, albums, and other products based on what you and your soon-to-be spouse are looking for!

For each digital image you order, you will receive the file in color with a personal use print release. With these files, you can print as many copies as you would like, up to 11x14. We recommend that you return to us for prints larger than 11x14 as they should be professionally processed and mounted. We also offer a selection of wall prints, metal prints, canvases, specialty frames and albums that are wonderful add-ons to your collection!

Brea Photography provides services for the St. Louis, MO area and we are available for national and international travel. Having a destination wedding? We love seeing more of the world and would love to find out more about your wedding plans!
