

## WEDDING RATE SHEET, 2022-2023

At Apple Acres Farm, we like to keep things simple. There are so many things to think about for your special day, figuring out how much money things cost shouldn't be one of them. Most couples spend between \$7,500-10,000 with us. Here are your options:

Rent the Grounds: \$5,000

- Access for 24 hours prior and post for setup and cleanup
- Wedding may start at any time during summer, during fall (when we are open for apple picking), event must start at 4:30pm or later
- Indoor restrooms
- Commercial kitchen for your caterer (in the fall, this is shared use with our lunch restaurant during prep-time, during the event your caterer will have complete access).
- Parking
- Coordination: greeting guests, directing vendors,
- 20 farmhouse tables (pictured on Knot/Wedding Wire) which seat 6-8.

## Tent & Chairs Package: \$25-50 per person

-We do not have a barn space. Therefore, wedding receptions must rent at minimum, a tent, chairs, and perimeter lighting.

-Most couples also add on: dinnerware, glassware, linens, dance floor

For 100 people, a standard package (the above) typically costs \$2500.

But there are options, types of chairs, extra lighting, specialty glassware, laminar pathways, Photo Booth rentals, etc. that can make your event really pop, and would also raise the costs of the package.

For weddings above 150 (the maximum that our in-house tables accommodate) you would also rent tables.

## Extras

Event Coordination: \$1200-2500

Cider doughnuts: \$15/dozen served hot with cinnamon and sugar

Apple Pies: \$22/pie served warm with ice cream

Shuttle service, local hotels only: \$500

Treehouse Room Rental (for rehearsal dinner): \$850

Bar Service: \$25-35 per person, or BYO and \$25/hr bartending

Total cleanup services: \$25/hour

## Special offerings

We maintain a relationship with an 1820s inn just minutes away, and can help facilitate room blocking and special breakfast packages.

During the fall, we can guide your guests in apple picking!
