the Intelligent Up-lighting

Wireless Intelligent up-lighting can help illuminate your venue with a stunning look that adds elegance and flavor to any of your events. The up-lighting will help compliment your floral arrangements, centerpieces, and color scheme for the evening. We use one of the best uplights in the industry by making it completely wireless with ability to change colors via DMX controller

- Ability to set-up according to your own color of choice or theme
- (OPTIONAL) Let us set-up a wireless DMX system with a lighting controller to have the lights change and coordinate with the music. There is an additional charge for this [see below]
- Ability to provide upto 36 American DJ Mega Tri-par Wireless Intelligent LED Uplighting.

without DMX lighting for 24 up-lights | **\$750 - \$35/light after**

with DMX lighting for 24 up-lights | **\$1250 - \$45/light after**

the Dhol player for reception

There's nothing like having a live Dhol player coordinating along side your live DJ for your wedding reception. Add that final bang to your party with a one of a kind Dhol player combo.

- Your Dhol player will rock the beat all night to Hindi/Bollywood, Bhangra, Top 40s, Dance, and Hip-Hop/Mainstream hits.

1 live Dhol player | **\$350**
