

As each event is unique, so is my pricing.

Please reach out with details about your event including the number of guests and the number of hours of coverage you are looking for.

As well, please let me know if you are just looking for photography and digital delivery, or if you are looking for additional services like engagement photos, wedding albums, etc.

I want to work with you. All of my prices are negotiable. If you have a budget in mind, let me know, and I'll let you know what I can do.

Thank you for your consideration.
