# FINE ART ALBUMS

8x8    \$900

12x12    \$1500

Each Album is customizable and comes with a standard of 30 pages.

## FREQUENTLY ASKED QUESTIONS

When will our photos be ready for viewing?

8 weeks following your wedding, you will receive your USB drive with your amazing high resolution wedding images!

How many photos will we receive?

This all depends on the wedding and amount of coverage you have selected. Every wedding is different, but I give a rough estimate of receiving 50-70 images for each hour of coverage you have purchased. Granted, this is just an estimate, you may receive a lot more, it just all depends on what goes on at your wedding and how many hours I am there for.

Do you edit the photos?

Yes, I do all the editing myself!

What camera do you shoot with?

I shoot with 2 Nikon D800's. I use the following lenses through every wedding session: Nikon 50mm 1.4, Nikon 16-35 4.0, and a Nikon 105mm 2.8. I also have other lenses if needed, but those above are my faves for weddings!

How many photographers will be at my wedding?

You can count on me being at your wedding. I also bring along an assistant.

Do you travel for weddings?

Yes, I love travelling!

How far in advance should we book your photography services for our wedding?

I recommend booking as soon as your engaged. I am already booked up for the next 9 months, so it is crucial that you reserve your place as soon as possible.

## PACKAGES
