

You don't want someone to just "shoot"
your wedding; you want a
photographer who captures the depth
of your relationship.

Wedding Investment Guide

Welcome

Major congrats on your recent engagement!

I am SO honored that you're considering having me spend your wedding day along side of you!

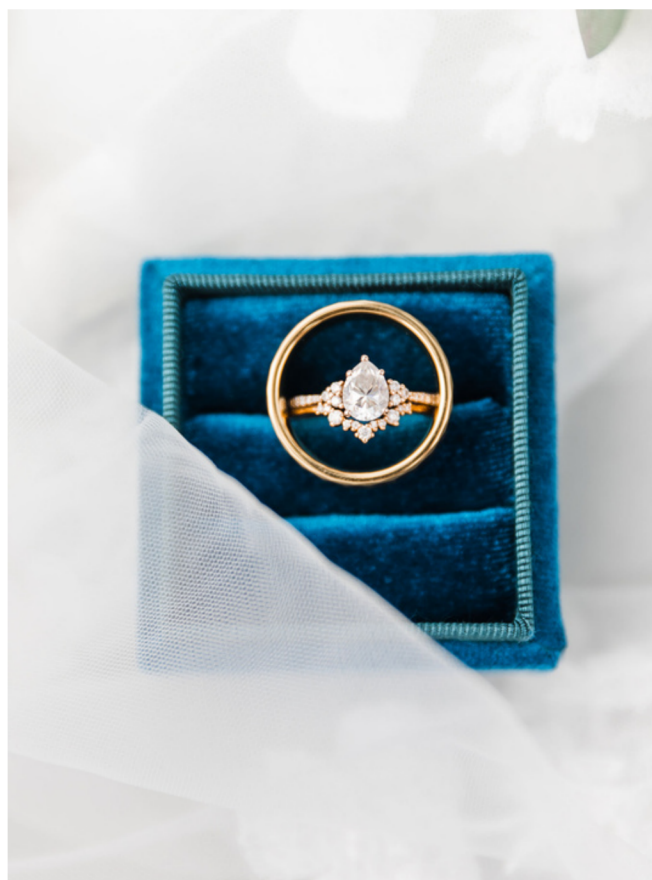

Wedding photography is a lot of things, but most of all it's an investment in a team to capture and document your wedding day.

I absolutely love what I do!

But most importantly, I love spoiling my sweet couples!

Spend some time reviewing this guide. If after reading this, you feel like we would be a great match for each other, let's meet either over coffee or via FaceTime to talk

ALL THINGS WEDDING!

The Girl Behind the Lens

Most days you can find me working my 9-5, but my favorite days are when I can chill in my Nike shorts, my hair in a messy bun, and editing on the couch, while catching up on my tv episodes or at a session with my amazing clients. My favorite type of photography is definitely weddings. I love capturing those precious moments for my brides and connecting with them.

I am a wife to my amazing husband, Billy, and I love bragging about him. He is a true man of God, my best friend, a jokester, and the best man I know! I am a Jesus lover, a photographer, a lover of hot coffee, a kids church worship leader, a wanna be minimalist organizer, a book nerd, and a mommy to two sweet girls- Aria & Lexi. I am a firm believer that coffee, Jesus, and laughter are essential to surviving motherhood, or life in general.

I love meeting new people and making new friends. This job honestly will never feel like a job to me because I just love people and being creative SO MUCH! I have been doing this for almost 5 years now and it has never gotten old for me.
