

Delicious – Freshly made and flash-frozen, our product is creamier and richer than anybody else's. Dozens of flavors and mix-ins make for trillions of combinations and infinite possibilities.

Entertaining – Our patented process provides a unique and fun experience for all ages! Your guests will love watching their own creations frozen instantly right in front of their eyes.

Customizable – Invent a specific flavor for your event or allow your guests to choose from a variety of flavors. Our product is so versatile, that we can even cater to dietary restrictions and food allergies!

Educational – SubZero uses our ice cream to teach students laws and principles of science! What better way to learn than with delicious, fresh ice cream?

The “Coolest” Catering in Town

Our ice cream is frozen on the spot for a fresh taste and a memorable experience! Design your own personalized flavor to serve or choose a variety of your favorite flavors to offer. In as little as 15 seconds, a blast of liquid nitrogen transforms your guests’ desserts from cream to a frozen treat. We can host an event at the store or on location. We can keep it casual for the kids or dress it up for formal galas. We’ll travel anywhere to bring you this delicious freshly-frozen ice cream!

At the STORE:

We want to host your next party! Our stores are perfect for gatherings, and our product is made fresh every time. You pay only for purchased product, and we take care of the rest...including clean-up!

Science is Sweet

Choose your favorite flavors and we will **mix** and **freeze** them on the spot!
No electrical power means we can cater outdoors. Is your event on a golf course, at the park, or on the beach? That’s not a problem!
We are **COMPLETELY MOBILE** and do **NOT** require a power source!
