FILM-LIKE PHOTOGRAPHY

Before you explore the wedding packages on the next few pages, we have to talk about one very important thing.

Style.

It's so important that you choose a photographer who produces a type of image that fits your wedding style.

My style?

Light and airy with a film-like feel.

My passion for photography began in a high school film photography and dark room class so it's only natural I'm drawn to this look.

With my work, you'll notice warm, soft, romantic images that showcase people just as they are - nothing photoshopped or overprocessed.

So how about you? What's your style?

INVESTMENT

All wedding packages include a complimentary engagement session in Sacramento, CA and a sneak peek blog within 36 hours of your wedding.
