ABOUT ME

Thank you for checking out my work and reaching out to have me document your big day!!! Connecting with my clients is very important to me and I want to help you feel like you know me a bit before we begin.

My name is Carolyn Connor, and I am a photographer based in Provo, Utah! I was born in San Diego, grew up in Maryland, and am currently living in Utah while studying Marketing at Brigham Young University. I am the Marketing Director for the Women in Entrepreneurship Program at BYU where we help girls start businesses, which I LOVE doing.

I have been married now for a year and a half to one of my best friends in high school! Joseph and I love dreaming big and watching shows together (one extreme to the other, depending on the day, haha).

If I'm not doing something photography/business related, you can probably find me playing the guitar; watching The Office, Parks and Rec, or a Marvel movie on repeat; or eating a pork quesadilla from Cafe Rio.

FIRST THINGS FIRST

Your wedding day is one of the most important days of your life—a day you'll look back on forever. It's a lot to plan, and I'm sure you can already feel the stress. But let me put my 2 cents in and say that your engagement, bridal, and wedding photos shouldn't just be another box on the check list. (Photographer bias, I know, but hear me out). When you choose a wedding photographer, you deserve both high-quality photos you'll look back on for the rest of your life, and a high-quality experience you'll remember fondly forever.

My main focus in Carolyn Mary Photo + Film is to create beautiful, fun memories for my clients and just be there to capture them. Rather than pose you for an hour, we'll wander through the mountains, let your hair get a bit messy, I'll have you play games together (e.g. Sneak attack-grab her from behind, spin her around, attack her face with kissesneak up on her from behind, then lift her up and shake her back and forth; put your foreheads together, rub noses, and remember your favorite things about each other, etc.), we'll laugh at your fiance's already terrible dad jokes, and maybe get our feet a bit wet in the stream we spot along the way. I aim to create a product and experience worth **investing** in.

Now, let me in on what you're thinking and let's create something beautiful!

"My style focuses on candid photos and warm tones. I use a lot of adventure, movement, and games in my sessions to get the most natural shots that reflect you and your fiancé's relationship and make you feel most comfortable. If you prefer being given prompts and mini games to play rather than standing in stiff poses, we sound like a great match! We'll still get some of those important poses in there, and I'll make sure you give me a list of any specific shots you want me to capture, but I like to focus most on capturing moments between you and your loved one."
