About Platinum Vibrations Entertainments

"My name is Jack Kristian, I am the owner of Platinum Vibrations. I started my DJ career at the age of 13 in Warwickshire, England. I began with doing gigs at birthday parties and private functions and then with experience moved into DJing at local bars and nightclubs and finally jumping into the wedding industry, since then I never looked back. In 2015 I moved to North Texas and decided that I loved entertaining too much to hang up my headphones, that's how Platinum Vibrations was created. Since then I'm proud to say that we have grown into the business that customers can trust and we strive to deliver an excellent service in which raises the industry standard and offers Texoma and the Metroplex a premier service in mobile DJing. From experienced and seasoned DJ's to professional equipment the most important aim for us is to make sure every wedding that we're hired for is as unique and as personal as possible for our customers and THAT is what we do best!"

What Can We Offer You?

We have numerous different packages and options for you. Let me tell you a little about what we offer. When it comes to your wedding day we like to make the day as simple and easy for you as it can be to allow you to sit back, relax and enjoy your wedding day! We offer to "take the day on" and what we mean by this is if you decide to book us we can meet up, sit down and talk your whole ceremony and reception through in detail, work out a schedule and we will make sure it goes to plan. Everybody has been to weddings where it gets to 10:00pm and the bride and groom haven't even cut the cake yet and guests are leaving. We will make sure that never happens. We will make sure everything stays on schedule and take the pressure off you both and your wedding party. This will include your cake cut, any dances, speeches, bouquet & garter toss etc.

We also offer personalized playlist for each event, during the planning stage we can discuss you and your fiancé's favorite songs, artists and genres and we will build you a personalized playlist solely for your wedding. This will also include your formal dance songs. You will receive your schedule and playlist around 2 weeks before your wedding to review and approve before the big day. If, of course, you have a wedding coordinator, we are happy to communicate with them throughout the buildup to your wedding day.

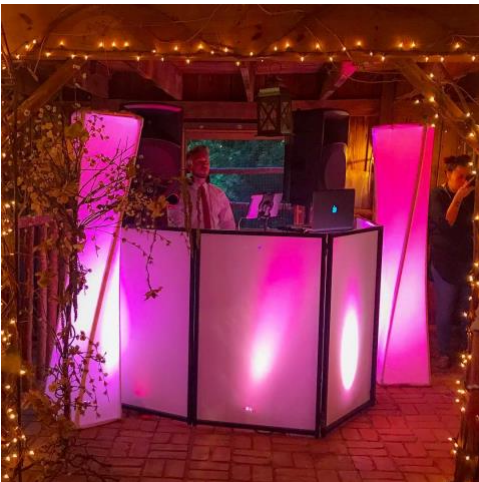

All of the above is included with any package.

Lord & Lady Package

We offer an all-white unbranded wedding set up which includes a white facade and white speaker stand covers as a basic set up (4 hours would be \$600.00 service needed, not including setting up and packing away, we do not charge for this.) This also includes the DJ, decks, speakers and wireless microphones. Pricing may be higher if a longer time of service is needed.

Duke & Duchess Package

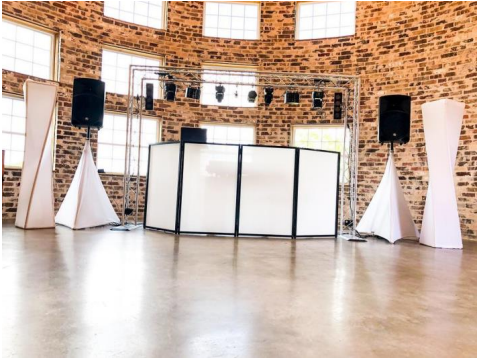

We offer 2 beautiful twisted 6ft white lighted columns for an additional \$50.00 for the pair. These are our personal favorite!

Prince & Princess Package

Extras

Personalized Gobos! This has been the craze of the modern-day wedding! If you would like a personalized monogram of your initials, last name, wedding date, whatever it be, we can do this for you! The process is simple, we create you 3 different designs, you pick your favorite and suggest any changes that you would like making before you approve! This can be projected onto a wall, screen, dancefloor, any flat surface! \$50.00.

Light Bars

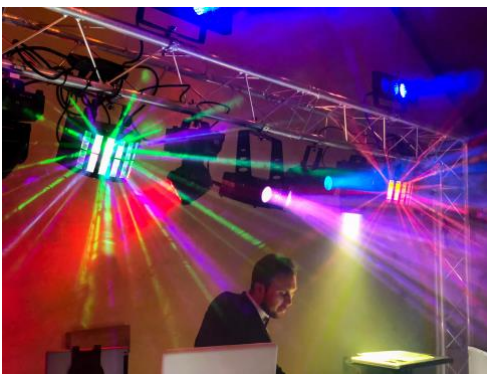

This is a more budget friendly option for you fit in some party lights into your budget! \$75.00 per light bar, 2 light bars maximum.

Smoke Machines

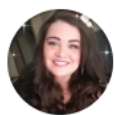

We provide smoke machines at no extra charge with any light set up. This is a great way to really make those lights pop and add a fun and exciting atmosphere to your reception. Please check with your venue that smoke machines are permitted within the reception hall.

My husband and I hired Jack as our DJ for our wedding this past Saturday and we couldn't have found ANYBODY better to make our wedding as fun and entertaining as he did! He was extremely helpful and was more than happy to help me make our ceremony music as I dreamed it to be! He had so many great ideas to have our wedding be AMAZING! Games, fun music, and a captivating accent to top it off 😊! Our guests absolutely loved Jack and would recommend him for any future events.

Josh and I couldn't thank Jack and his lovely fiancée, Ashlee, enough for all the hard work they did to make our day Magical! ❤️

We absolutely loved working with Platinum Vibrations for our wedding reception! Jack was great at communicating with us, which made the day (and the planning process) stress-free. He was kind and patient but definitely on top of things. Jack also kept the room engaged and lively and he readily adapted to our preferences, both in planning and as the reception progressed.

He worked with as many or as few suggestions as we offered for the playlist and MC'd for every part of the reception, checking with me about the schedule when necessary (in a flexible, stress-free manner).

When I realized we had forgotten to create a list of questions for a game we had planned to play at the reception, I thought we were going to have to cut the game from the schedule. Jack, told me he already had a list we could use, meaning we wouldn't have to cancel the game after all.

We would honestly recommend Platinum Vibrations to anyone looking for a DJ for any event.

Jack provided the music for our wedding reception this past weekend, and I can't recommend him enough. He was absolutely fabulous! He was endlessly patient as we procrastinated on getting him suggestions for the playlist, and was great about adding last minute additions. Our guests aren't really a dancing crowd, and yet he had people out on the dance floor all night. He was friendly and professional, and was the perfect choice for our DJ. If you have a wedding reception coming up, or any other event, I don't think you can go wrong with Jack and Platinum Vibrations.
